NOTIFICATION.

ALLAHABAD, THE 26TH JUNE, 1843.

The following extract of a letter from His Excellency the Governor of Sinde, together with the report of Lt. Anderson, are published for general information.

By order of the Rt. Honorable the Governor General of India,

(Signed) J. THOMASON,
Secretary to Government of India,
with the Governor General.

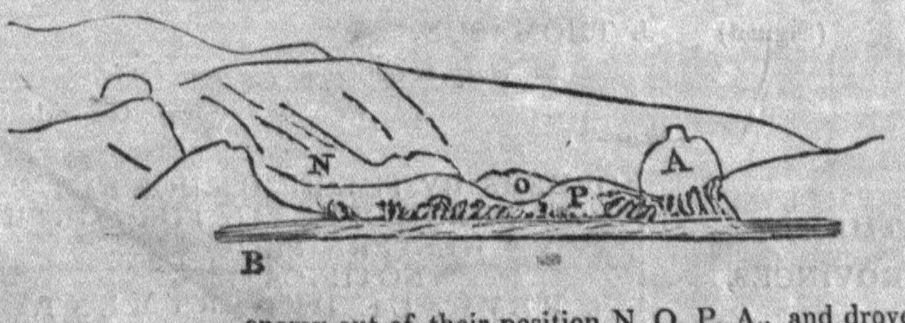
Extract from a letter from His Excellency Major General Sir C. J. Napier, K. C. B., Governor of Sinde, dated Hydrabad, 30th May, 1843.

"As Shere Mahomed found that he could not recruit his troops in Sinde, he resolved to draw reinforcements from the mountains of Belochistan; I therefore sent Lieutenant Anderson of the 1st European Regiment, with a Steamer and 100 men, to destroy the boats collected on the right bank for the Belochees of Sukkur to cross over to Sinde. This Officer has performed his duty in a brilliant manner; and he speaks highly of the way in which Master Miller of the Steamer manœuvred his vessel. The rumour of this skirmish in Belochistan will have good effect in Sinde."

Above the Luckie Pass, 27th May, 1843.

SIR,

I had the honor to inform His Ex: Sir C. Napier, K. C. B., Governor of Sinde, this morning, that I had expectations of finding some 500 Belooches of Meer Shah Mahomed assembled below the Luckie pass, to give us fight on our arrival there.



When we came in shore opposite Rock A. the Belooches fired into the Steamer, and to judge from their fire, they must have been 300 or 350 strong. The Steamer immediately returned their fire doing some execution. We then ran down to B, and landed the Sepoys of the 25th Regt. strength as per margin, who chased the enemy out of their position N. O. P. A., and drove them up the steeps beyond. It being useless to pursue them any further, the Sepoys returned leisurely on board, after having killed and wounded about 10 of them. During the skirmish the Steamer kept up a splendid fire of grape and round shot at the retreating Belooches, killing and wounding it is supposed 40 men.

1 Ensign.
1 Soobedar.
5 Havildars.
5 Jemadars.
91 Sepoys.

Mr. Lowry received a slight wound leading on his men, and 2 Sepoys were killed and 7 wounded carrying the heights.

On board the Steamer Captain Miller received a slight wound, and two European sailors and 1 Stoker were severely wounded.

I must beg to express my thanks to all parties for their activity during the affair, which lasted altogether 3 hours, from 1 to 4 P. M. of this day.

Accompanying is a list of killed and wounded for the information of His Excellency.

I have, &c.

NOTIFICATION.

FORT WILLIAM, FOREIGN DEPARTMENT,

THE 15TH JULY, 1843.

The Right Honorable the Governor General of India in Council has directed the publication of the following two Dispatches from Major General Sir Charles Napier, K. C. B., Governor of Sinde, dated respectively the 17th and 19th ultimo, reporting the capture of Meer Shah Mahomed, and the result of the movements directed against Meer Shere Mahomed.

By order of the Governor General in Council,

(Sd.) J. THOMASON,
Secy. to Govt. of India.

From His Excellency Major General Sir CHARLES NAPIER, K. C. B.,
Governor of Scinde,

To the Right Honorable LORD ELLENBOROUGH,
Governor General.

Dated Hydrabad, 17th June, 1843.

MY LORD,

I have now the honor to forward to your Lordship the copy of the Despatch received on the 13th instant, from Lieut. Colonel Roberts, giving a detailed account of his attack upon and capture of the Ameer Shah Mahomed, which attack appears to have been conducted with a degree of skill and courage worthy of its complete success.

8th June.

I have the honor to be, &c.

(Sd.) C. J. NAPIER.

Camp Sehwan, 8th June, 1843.

TO CAPTAIN GREEN,
Assistant Adjutant General S. and B., Hyderabad.

SIR,

1. I have the honor to inform you, for the information of His Excellency the Governor, that I marched at 12 o'clock A. M. this morning with the details as per margin, to attack Meer Shah Mahomed, who was encamped at "Peer Assee," a place under the Hills about 14 miles to the westward, with 2000 men.

2. At daylight we were still at a distance of between two and three miles, and on approaching near his position which was a large oblong enclosure of fine trees surrounded by a thick and almost impenetrable hedge, I could perceive the enemy were retreating, and at this time I requested Captain Walter to lead his troop to the left, and if possible, prevent their doing so, and turn them across our right.

Major Blood's Battery 4 Guns—Captain Walter's Troop—3d Regt. Lt. Cavalry—3 Companies 6th Regt. N. I.—2 Companies 15th Regt. N. I.—2 Companies 20th Regt. N. I.

3. I have the honor to enclose Captain Walter's account of his proceedings.

4. At the same time the detachment advanced steadily. On the right was Major Blood's Battery, and the right wing of the 15th Native Infantry under Major Benbow, covered by the Light Company of the 20th Regt. N. I., under Captain Baynes; and the whole supported by the Grenadier Company 20th Regt. N. I., under Captain Riely; two Companies of the 6th Regt. N. I., under Lieut. Johnstone, advanced in echellon on the centre and right of the enemy's position, on gaining which one halted, and the other (the Light Company) advanced a considerable distance.

5. A party of the Grenadier Company 20th Regiment N. I. were ordered to scour the enclosure, and here I am happy to say, they discovered Meer Shah Mahomed under some very thick bushes He at first refused to surrender, but he eventually did so to Captain Travers, 23rd Regt. Bombay Light Infantry. I beg to enclose a letter from Captain Riely on this subject.

6. The result of the expedition has been the capture of Meer Shah Mahomed, his guns and standard, and the total dispersion of his force, together with the release of some Horsemen of His Highness Meer Ali Morad, taken prisoners by the enemy on the 6th instant.

7. The loss of the enemy was great, about ninety (90) dead on the field, and we have (17) seventeen prisoners: our own loss, as you will observe by the return, has been trifling.

8. I beg to bring to the notice of His Excellency the valuable services rendered me by Major Benbow, 15th Regt. N. I., Major Blood, Artillery, Captain Riely, 20th Regt. N. I., and Lieut. Johnstone, of the 6th Regt. N. I., and I cannot sufficiently express my admiration of the gallant conduct of Captain Walter, who charged with his small but intrepid band into the midst of a large body of the enemy.

9. I have also to bring to the notice of His Excellency, the great assistance rendered me by Captain Mayer, Major of Brigade, Captain Baynes, A. Qr. Mr. Genl. (who also took command of the advance, consisting of the Light Company 20th Regt. N. I.,) and of Captain Travers, 23d Regt. Bombay Light Infantry, Assistant Commissary General, who kindly volunteered his services on my Staff.

10. I must not forget to mention the important services I have received from a "Patan," by name "Aliff Khan," well known to many Officers of the Sukkur Agency. His information principally led to the success we have met with, and when with Captain Walter he killed four of the enemy.

11. I regret extremely to have to inform you that two European Artillery men died of Coup-de-Soleil; the heat after 9 o'clock became most awful, and the whole detachment much distressed by the time we returned to this place at 1 o'clock P. M. Had we moved with Camp Equipage, &c; the operation could not have been accomplished with the secrecy necessary to ensure success.

There was no valuable property, and I burned as much as I could not remove from the spot. A few Camels I have transferred to the Commissariat Department—some Tattoos, Mules, Swords and Matchlocks will be sold this evening by public Auction.

TO CAPTAIN MAYER,
Brigade Major, F. B.

SIR,

In accordance with order received from Lieut.-Colonel Roberts, I advanced on the morning of the 8th of June with the Troop under my command for the purpose of holding in check the enemy under Meer Shah Mahomed, until the arrival of the remainder of the force—on approaching the spot towards which I had seen small bodies retreating, and perceiving larger parties dispersing to the right and left, I attacked a party of horse and foot to the number of about 250, who were drawn up in rear of two guns, which they discharged at the time of my passing. I succeeded in cutting up between 70 and 80, and their loss would have been greater but for the thick jungle which favoured their escape. I am happy to be able to report that all under me did their duty. I do myself the honor to forward Casualty Rolls of Men and Horses.

To Captain Mayer,

Brigade Major, Sehwan.

Sir,

In compliance with yesterday's orders, I do myself the honor to state that the subdivision of the Grenadier Company, which I detached at the desire of Lieut.-Col. Roberts, Commanding, for the purpose of searching the Garden and Burial Ground occupied by Meer Shah Mahomed and his followers, fortunately discovered him concealed in some thick underwood, together with three or four servants.

On seeing the Sepoys he raised his Gun and one of his followers drew his sword, the men supposing that he intended opposition, levelled their Musquets and would have shot him, had he not called out that he was the Meer, and Captain Travers coming up at the time, he delivered up his sword to him.

I consider that the men showed great forbearance in not firing as they had been much exasperated at the conduct of a Belooch, who only a few minutes before (after the firing was over) had jumped out of a bush and severely wounded Lieut. Lancaster, the Acting Adjutant, in the arm. He was, however, immediately afterwards killed by a Sepoy named Khymla Khan, who most probably saved that Officer's life.

I beg to forward the Arms taken from the Meer and his followers, viz.

One English double barrelled Gun.

One Matchlock, with flint lock, inlaid with gold and silver clasps.

Two Swords, one with a gilt handle.

The Meer's Sword, was delivered over to him yesterday.

I have, &c.

To the Right Honorable Lord ELLENBOROUGH,

Dated Hydrabad, 19th June, 1843.

MY LORD,

The several movements made for some time past for the purpose of surrounding Meer Shere Mahomed, I had the honor to state in my former letters; I have now the gratification to communicate to your Lordship the result of those movements.

On the 13th Instant the Ameer finding that Lieut. Coll. Robert's column was crossing the river on the north, and that the troops under my command were marching upon him from the south, determined to attack Capt Jacob, whose corps cut him off from the desert, and was the weakest of the three. This resolution he put in execution on the morning of the 14th and was met by that excellent Officer, who overthrew and dispersed his Army, the Ameer fled with ten followers towards the river. I delayed this despatch in hopes of being able to inform your Lordship of his capture but I fear he has retraced his steps, and in disguise escaped to the desert.

I have the honor to enclose to your Lordship Capt. Jacob's despatch of this very brilliant affair.

The troops have all returned to their cantonments except Coll. Roberts' column, which I expect in a day or two.

I regret to say that a sudden change of the weather to extraordinary heat took place just after the troops marched from Hydrabad towards the north, in consequence of which a number of Europeans were struck down, dying in a few hours. It was not owing to the march, for those in the fortress suffered in equal proportion. The number that have fallen in this manner is as follows.

	Ltt.	*Sejt.*	*Drs.*	*R & File.*
In the field,..	1	2	0	29
In the fort of Hydrabad,..	0	3	1	14

This terrible loss fell upon us between the 13th and 17th instant. I am afraid that a great proportion of these deaths must be attributed in great measure to the rashness of the individuals themselves in drinking the deleterious spirits of this country, the effects of which spirits become deadly, when united to extreme heat.

I have just received a letter from Captain Jacob informing me that he has taken two more guns which were abandoned by Shere Mahomed on his march to attack Captain Jacob, one is a brass gun and the other an iron one.

I have the honor to be, &c.,

From Captain J. Jacob,
Comdg. Scind Irregular Horse,
Camp Shah Dad Poor,

To His Excellency Sir C. Napier, K. C. B.,
Governor of Scinde.

Dated Camp Shah Dad Poor, June 14th, 1843.

Sir,

I have the honor to report that I yesterday morning arrived at this place with the force under my command.

During the day I received information that Meer Shere Mahomed had marched from Hala to a Fort by name Oodeyra, some 16 or 17 miles south-east from that place. I have not as yet been able to communicate with Col. Roberts, but concluded that this movement of the Meer's to the southward was caused by the approach of the force under the Colonel from the north; and that in endeavouring to escape from it, he would inevitably fall into the hands of the troops advancing from Hydrabad: wherefore believing this place to be an excellent position for enabling me to intercept the Meer should he attempt to escape to the eastward, I determined to halt here.

At about eleven o'clock last night a Brahmin servant of Shere Mahomed's came to my Camp and informed me that the Meer was coming to attack me with his whole force amounting, he said, to 8,000 or 10,000 men.

About 3 o'clock this morning, my pickets perceived the enemy coming on in considerable force, and, after sending several parties to reconnoitre, finding that the enemy advanced very slowly, I left a Troop and Company to protect my camp, and went out with the rest of the force under my command to attack him. As I advanced, the Beloochees formed on the bank of a nulla in considerable strength, both Horse and Foot, with three Guns, which immediately opened on us. The ground in front was of the most difficult nature, being rugged in the extreme, and intersected with deep ravines. As soon as I had formed my line and our Guns commenced firing with some effect, I perceived the Beloochees moving off, and on my advancing with the Scinde Horse, they broke, dispersed, and fled in every direction, leaving their Guns and several Standards in our hands: from the nature of the country, covered as it is with jungle and sand hillocks, and intersected with canals full of water, effective pursuit was impossible. Five or six of the Beloochees were killed by our Artillery fire, and two Horses of the Scinde Irregular Horse by that of the enemy.

We have taken five prisoners, from whom, as well as from the Brahmin above mentioned, I learn that Meer Shere Mahomed has fled with ten horsemen back to the river, and I therefore (I am happy to say), have succeeded in preventing his flight to the Desert, although unsuccessful in the attempt to capture his person.

The undermentioned Sirdars were present with Shere Mahomed's army.

Meer Shere Mahomed.
Khan Mahomed.
Golam Mahomed Lugaree.
Morad Ali, (Chang).
Meer Mahomed. (Son of Meer Roostum).
Meer Mehrab, (Talpooree).
Mahomed Sadeek.
Mahomed Hussein, (Brother-in-law of Meer Nasseer Khan).

The number of Beloochees actually present was about 4000, the remainder of Shere Mahomed's army and one Gun were left at Oodeyra, or deserted him on the road.

The Meer had but four Guns in all. The three taken are of brass and well equipped. The conduct of all Officers and Men under my command has been most steady and excellent throughout. but in an action such as that of this morning, there is no room for the display of much Military prowess.

My intention is to remain at this place until I can communicate with Colonel Roberts, or until I shall receive other orders from yourself.

I have the honor to be, &c.,

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *21st July*, 1843.

No. 154 of 1843.—The Right Hon'ble the Governor General of India in Council has much gratification in publishing, for general information, the following paragraphs of a Military Letter No. 9, from the Hon'ble the Court of Directors, to the Governor General of India in Council, dated 30th May 1843.

Reply to paras. 1 to 6 of Secret Letter from the Governor General, dated 14th March, No. 18 of 1843, relative to the Victory gained at Meeanee.

Para. 1. We have perused with admiration the account given by Major General Sir C. Napier of the Victory gained by the Troops under his Command at Meeanee, near Hyderabad, on the 20th February last, over the Army of the Ameers of Scinde.

2. This Victory won by a body of not more than 2,800 men, over a brave enemy stated to be not less than 22,000, deserves to be ranked amongst the brilliant achievements of the British Army.

3. There being, however, reason to believe that another battle has been fought, and we trust, in that case, another Victory obtained, by the Troops under Sir Charles Napier in Scinde, we have to inform you, that it is not deemed expedient to decide at present on the specific marks of honor which no doubt will be bestowed in commemoration of the bravery displayed by our gallant Army.

4. We cannot close this despatch without expressing our marked approval of the steadiness and gallantry with which the attacks of the enemy on the Residency at Hyderabad were successfully resisted by the small body of men under the command of Captain Conway, H. M.'s 22d Regiment, acting under the instructions of the Commissioner, Major Outram, whom on this memorable occasion, General Sir Charles Napier in his despatch of the 16th February, has justly characterized as "the fearless and distinguished Major Outram."

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

The 22d July, 1843.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 22d July 1843, is hereby promulgated for general information.

Act No. XI. of 1843.

An Act for regulating the service of Hereditary Officers under the Presidency of Bombay.

Preamble. Whereas it has been found that the provisions of Regulation XVI. 1827 of the Bombay Code, are insufficient to secure the efficient discharge of the duties of Hereditary Officers:

I. It is hereby enacted, that Sections XVII. and XVIII. of Regulation XVI. of 1827 of the Bombay Code, be rescinded.

II. And it is hereby enacted, that all Hereditary Officers of whatever denomination, belonging to, or employed in the management of the Land Revenue, or of the Customs or Town Duties, or Excise, or other Revenue, or in the Police, or in the Civil Administration of the country, shall render the usual services of their respective Offices, as far as the same may be required by the Collector, or other Officer under whose control they may be placed by usage or the orders of Government.

III. And it is hereby enacted, that when the duties of an Hereditary Office fall in more than one Department, it shall be competent to the Governor in Council of Bombay to prescribe what Officer shall be vested with the control of such Office.

IV. And it is hereby enacted, that it shall be competent to the Collector or other Officer to whom the duties of an Hereditary Office are, as provided in Clause II., to be rendered, when the performance of those duties is claimed in rotation by different sharers, to require that the sharers in the wuttun shall nominate a fit and proper person from among their number, who shall hold the Office as the Representative of the family either during life, or for such term, not being less in each instance than (five) 5 years, as the Collector or Controlling Officer shall determine with the sanction of the Governor in Council, and in the event of the sharers not so nominating, when required one or more of their number within a reasonable period to be fixed by the Collector or Controlling Officer, the Collector or Controlling Officer shall himself exercise the power of selection, subject to the approval of the Governor in Council.

V. And it is hereby enacted, that it shall be competent to the Collector or Controlling Officer to refuse to confirm the nomination by the sharers of any individual, if he shall have reason to think, that from age or personal disqualification the duties of the Office will not be properly performed ~~by him, or~~ if from character and past conduct the person nominated be considered unworthy of trust, provided that the grounds of such refusal shall be recorded in writing and that an appeal from such decision shall lie to the Governor in Council, whose order thereon shall be final.

VI. And it is hereby enacted, that the Collector or Controlling Officer shall have power to punish Officiating Hereditary Officers for misconduct or neglect of duty by suspension from office, pay, and emolument, or by fine not exceeding the computed official emolument of their offices for three months, and to levy the said fine in the mode authorized for realizing Revenue demands.

VII. And it is hereby further enacted, that the Collector or Controlling Officer, in cases of misconduct or incompetency on the part of an Officiating Hereditary Officer, shall have power to dismiss such Officer from his employment, but no such dismissal shall take place, except on an investigation recorded in writing, which shall be submitted for the approval and sanction of the Governor in Council.

VIII. And it is hereby enacted, that, in conducting the investigation prescribed in the preceding Section, the Collector or Controlling Officer shall have the same authority as a Magistrate in compelling the attendance of parties and witnesses, and the production of papers, and in taking evidence.

IX. And it is hereby further enacted, that whenever any such Hereditary Officer shall be convicted of fraud or malversation, or of any criminal offence in the conduct of the duties of the Office by any Sessions Court, it shall be lawful for the said Governor in Council, to direct the confiscation of the wuttun, either wholly or in part, and after such confiscation the duties of the office shall be performed by such person as the Governor in Council shall appoint, and the surplus proceeds of the wuttun shall be disposed of for the benefit of the parties previously entitled thereto or otherwise in such manner as the said Governor in Council may direct.

X. And it is hereby enacted, that no female shall perform in person the duties of any Hereditary Office.

XI. And it is hereby enacted, that if any Hereditary Officer is incapable of personally discharging the duties of his or her office by reason of sex, minority, mental or bodily infirmity, or manifest incapacity, it shall be lawful for the Collector or Controlling Officer to call upon him or her, or his or her Guardians to appoint a Deputy, subject to his approval, and on the party or parties failing to appoint a fit Deputy within a reasonable period, the appointment shall be made by the said Collector or Controlling Officer.

XII. And it is hereby enacted, that all Deputies appointed to perform the duties of Hereditary Offices under this Act, and under Section IV. Regulation V. 1833, of the Bombay Code, shall be subject to the same rules and penalties as the Principals, and that the wuttun of the office shall be liable to confiscation upon the conviction by any Sessions Court of any Deputy appointed by the Hereditary Officer in the same manner as it would be under the IXth Section of this Act upon the conviction of the Hereditary Officer himself.

XIII. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer to participate in the rents and profits of any Hereditary Office so held and filled as above provided, after provision shall have been made therefrom for the fit maintenance of the Officiating Hereditary Officer, for which purpose it shall be competent to the Collector or Controlling Officer to fix and assign a specific portion of such rents and emoluments, leaving the remainder only, subject to the claims of the other sharers—and further that the portion of the rents and emoluments so fixed and assigned shall be the official remuneration of the Officiating Hereditary Officer, and shall not be liable to Civil process of any Court of Law.

XIV. And it is hereby enacted, that whenever it may be necessary, as herein before provided, that the Collector or Controlling Officer shall appoint a Deputy to conduct the duties of an Hereditary Office, it shall be lawful for him to assign to such Deputy a fit remuneration from the rents and profits of the said Office.

XV. And it is hereby enacted, that the terms "Hereditary District or Village Office or Officers" or "Hereditary District or Village Revenue Office or Officers" used in Regulation XVI. 1827 and Regulation V. 1833, of the Bombay Code, shall be held to apply to all descriptions of Hereditary Offices and Officers.

Offg. Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

The following Draft of a proposed Act was read in Council for the first time on the 22d July 1843.

Act No. —— of 1843.

An Act respecting the expense of preparing Copies of Proceedings in Appeals.

Whereas it is just and necessary that the expense of preparing copies in the English Language of the proceedings in Cases appealed to the Queen in Council, as now required by Section 5, Regulation XVI. 1797, and Section 34, Regulation V. 1803, should be borne by the parties prosecuting those Appeals.

I. It is hereby enacted, that in all cases of Appeals to the Queen in Council from judgments delivered by the Courts of Sudder Dewanny Adawlut at Fort William and at Allahabad, the expense of preparing two copies of all the proceedings held, and judgments or orders given in the case appealed, including the whole of the evidence and documents and of translating into the English Language such of the aforesaid proceedings, as may have been originally drawn out in the country languages shall be defrayed by the parties prosecuting the Appeal.

II. It is hereby further enacted, that the Courts of Sudder Dewanny Adawlut are empowered and required to cause the deposit by the appellant of such a sum as shall be sufficient to cover the expense of making the two aforesaid copies, and when such deposit shall have been made, and not till then, to declare the Appeal admitted, and to give notice thereof to the Appellant and Respondent respectively.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 22d day of October next.

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,

The following Draft of a proposed Act was read in Council for the first time on the 22d July 1843.

Act No. — of 1843.

An Act for amending the Law respecting the Registration of certain Deeds.

I. Whereas doubts have arisen as to the true meaning and construction of Act No. I of 1843.

It is hereby enacted, that the said Act is repealed, except in so far as it repeals all provisions contained in any Regulation or Regulations of the Bengal, Madras, or Bombay Codes, touching the knowledge or notice had by parties to registered conveyances and other instruments affecting titles to land and other interests therein of the existence of unregistered conveyances or other instruments affecting such titles or other interests therein.

II. And it is enacted, that from the First day of May last past, every deed of sale or gift of lands, houses or other real property, a memorial of which has been or shall be duly registered according to law, shall, provided its authenticity be established to the satisfaction of the Court, invalidate any other deed of sale or gift for the same property which may not have been registered, and whether such second or other deed shall have been executed prior or subsequent to the registered deed—and that from the said day every deed of mortgage on land, houses and other real property as well as certificates of the discharge of such incumbrances, a memorial of which has been or shall be duly registered according to law, and provided its authenticity be established to the satisfaction of the Court, shall be satisfied in preference to any other mortgage on the same property which may not have been registered, and whether such second or other mortgage shall have been executed prior or subsequent to the registered mortgage, any knowledge or notice of any such unregistered deed or certificate alleged to be had by any party to such registered deed or certificate notwithstanding. Provided always that nothing in this Section contained shall be construed to extend to any deed or certificate made before the said First day of May last past.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22d day of August next.

HOME DEPARTMENT,
LEGISLATIVE,

THE 22D JULY, 1843.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 22d July 1843, is hereby promulgated for general information.

ACT No. XI. OF 1843.

An Act for regulating the service of Hereditary Officers under the Presidency of Bombay.

Preamble. Whereas it has been found that the provisions of Regulation XVI. 1827 of the Bombay Code, are insufficient to secure the efficient discharge of the duties of Hereditary Officers:

I. It is hereby enacted, that Sections XVII. and XVIII. of Regulation XVI. of 1827 of the Bombay Code, be rescinded.

II. And it is hereby enacted, that all Hereditary Officers of whatever denomination, belonging to, or employed in the management of the Land Revenue, or of the Customs or Town Duties, or Excise, or other Revenue, or in the Police, or in the Civil Administration of the country, shall render the usual services of their respective Offices, as far as the same may be required by the Collector, or other Officer under whose control they may be placed by usage or the orders of Government.

III. And it is hereby enacted, that when the duties of an Hereditary Office fall in more than one Department, it shall be competent to the Governor in Council of Bombay to prescribe what Officer shall be vested with the control of such Office.

IV. And it is hereby enacted, that it shall be competent to the Collector or other Officer to whom the duties of an Hereditary Office are, as provided in Clause II., to be rendered, when the performance of those duties is claimed in rotation by different sharers, to require that the sharers in the wuttun shall nominate a fit and proper person from among their number, who shall hold the Office as the Representative of the family either during life, or for such term, not being less in each instance than (five) 5 years, as the Collector or Controlling Officer shall determine with the sanction of the Governor in Council, and in the event of the sharers not so nominating, when required one or more of their number within a reasonable period to be fixed by the Collector or Controlling Officer, the Collector or Controlling Officer shall himself exercise the power of selection, subject to the approval of the Governor in Council.

V. And it is hereby enacted, that it shall be competent to the Collector or Controlling Officer to refuse to confirm the nomination by the sharers of any individual, if he shall have reason to think, that from age or personal disqualification the duties of the Office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust, provided that the grounds of such refusal shall be recorded in writing and that an appeal from such decision shall lie to the Governor in Council, whose order thereon shall be final.

VI. And it is hereby enacted, that the Collector or Controlling Officer shall have power to punish Officiating Hereditary Officers for misconduct or neglect of duty by suspension from office, pay, and emolument, or by fine not exceeding the computed official emolument of their offices for three months, and to levy the said fine in the mode authorized for realizing Revenue demands.

VII. And it is hereby further enacted, that the Collector or Controlling Officer, in cases of misconduct or incompetency on the part of an Officiating Hereditary Officer, shall have power to dismiss such Officer from his employment, but no such dismissal shall take place, except on an investigation recorded in writing, which shall be submitted for the approval and sanction of the Governor in Council.

VIII. And it is hereby enacted, that, in conducting the investigation prescribed in the preceding Section, the Collector or Controlling Officer shall have the same authority as a Magistrate in compelling the attendance of parties and witnesses, and the production of papers, and in taking evidence.

IX. And it is hereby further enacted, that whenever any such Hereditary Officer shall be convicted of fraud or malversation, or of any criminal offence in the conduct of the duties of the Office by any Sessions Court, it shall be lawful for the said Governor in Council, to direct the confiscation of the wuttun, either wholly or in part, and after such confiscation the duties of the office shall be performed by such person as the Governor in Council shall appoint, and the surplus proceeds of the wuttun shall be disposed of for the benefit of the parties previously entitled thereto or otherwise in such manner as the said Governor in Council may direct.

X. And it is hereby enacted, that no female shall perform in person the duties of any Hereditary Office.

XI. And it is hereby enacted, that if any Hereditary Officer is incapable of personally discharging the duties of his or her office by reason of sex, minority, mental or bodily infirmity, or manifest incapacity, it shall be lawful for the Collector or Controlling Officer to call upon him or her, or his or her Guardians to appoint a Deputy, subject to his approval, and on the party or parties failing to appoint a fit Deputy within a reasonable period, the appointment shall be made by the said Collector or Controlling Officer.

XII. And it is hereby enacted, that all Deputies appointed to perform the duties of Hereditary Offices under this Act, and under Section IV. Regulation V. 1833, of the Bombay Code, shall be subject to the same rules and penalties as the Principals, and that the wuttun of the office shall be liable to confiscation upon the conviction by any Sessions Court of any Deputy appointed by the Hereditary Officer in the same manner as it would be under the IXth Section of this Act upon the conviction of the Hereditary Officer himself.

XIII. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer to participate in the rents and profits of any Hereditary Office so held and filled as above provided, after provision shall have been made therefrom for the fit maintenance of the Officiating Hereditary Officer, for which purpose it shall be competent to the Collector or Controlling Officer to fix and assign a specific portion of such rents and emoluments, leaving the remainder only, subject to the claims of the other sharers—and further that the portion of the rents and emoluments so fixed and assigned shall be the official remuneration of the Officiating Hereditary Officer, and shall not be liable to Civil process of any Court of Law.

XIV. And it is hereby enacted, that whenever it may be necessary, as herein before provided, that the Collector or Controlling Officer shall appoint a Deputy to conduct the duties of an Hereditary Office, it shall be lawful for him to assign to such Deputy a fit remuneration from the rents and profits of the said Office.

XV. And it is hereby enacted, that the terms " Hereditary District or Village Office or Officers" or " Hereditary District or Village Revenue Office or Officers" used in Regulation XVI. 1827 and Regulation V. 1833, of the Bombay Code, shall be held to apply to all descriptions of Hereditary Offices and Officers.

THE 22D JULY, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 22d July 1843.

ACT No. —— OF 1843.

An Act respecting the expense of preparing Copies of Proceedings in Appeals.

Whereas it is just and necessary that the expense of preparing copies in the English Language of the proceedings in Cases appealed to the Queen in Council, as now required by Section 5, Regulation XVI. 1797, and Section 34, Regulation V. 1803, should be borne by the parties prosecuting those Appeals.

I. It is hereby enacted, that in all cases of Appeals to the Queen in Council from judgments delivered by the Courts of Sudder Dewanny Adawlut at Fort William and at Allahabad, the expense of preparing two copies of all the proceedings held, and judgments or orders given in the case appealed, including the whole of the evidence and documents and of translating into the English Language such of the aforesaid proceedings, as may have been originally drawn out in the country languages shall be defrayed by the parties prosecuting the Appeal.

II. It is hereby further enacted, that the Courts of Sudder Dewanny Adawlut are empowered and required to cause the deposit by the appellant of such a sum as shall be sufficient to cover the expense of making the two aforesaid copies, and when such deposit shall have been made, and not till then, to declare the Appeal admitted, and to give notice thereof to the Appellant and Respondent respectively.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 22d day of October next.

The following Draft of a proposed Act was read in Council for the first time on the 22d July 1843.

ACT No. — OF 1843.

An Act for amending the Law respecting the Registration of certain Deeds.

I. Whereas doubts have arisen as to the true meaning and construction of Act No. I of 1843.

It is hereby enacted, that the said Act is repealed, except in so far as it repeals all provisions contained in any Regulation or Regulations of the Bengal, Madras, or Bombay Codes, touching the knowledge or notice had by parties to registered conveyances and other instruments affecting titles to land and other interests therein of the existence of unregistered conveyances or other instruments affecting such titles or other interests therein.

II. And it is enacted, that from the First day of May last past, every deed of sale or gift of lands, houses or other real property, a memorial of which has been or shall be duly registered according to law, shall, provided its authenticity be established to the satisfaction of the Court, invalidate any other deed of sale or gift for the same property which may not have been registered, and whether such second or other deed shall have been executed prior or subsequent to the registered deed—and that from the said day every deed of mortgage on land, houses and other real property as well as certificates of the discharge of such incumbrances, a memorial of which has been or shall be duly registered according to law, and provided its authenticity be established to the satisfaction of the Court, shall be satisfied in preference to any other mortgage on the same property which may not have been registered, and whether such second or other mortgage shall have been executed prior or subsequent to the registered mortgage, any knowledge or notice of any such unregistered deed or certificate alleged to be had by any party to such registered deed or certificate notwithstanding. Provided always that nothing in this Section contained shall be construed to extend to any deed or certificate made before the said First day of May last past.

III. And it is hereby declared and enacted, that no conveyance or other instrument affecting title to land, or any interest in the same whether made before or after the said First day of May last past, other than such deeds or certificates as aforesaid, are or shall be in any respect void for want of registration any Act, Regulation or law to the contrary notwithstanding.

FORT WILLIAM, HOME DEPARTMENT, LEGISLATIVE,

THE 22D JULY, 1843.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 22d July 1843, is hereby promulgated for general information.

ACT NO. XI. OF 1843.

An Act for regulating the service of Hereditary Officers under the Presidency of Bombay.

Preamble. Whereas it has been found that the provisions of Regulation XVI. 1827 of the Bombay Code, are insufficient to secure the efficient discharge of the duties of Hereditary Officers:

I. It is hereby enacted, that Sections XVII. and XVIII. of Regulation XVI. of 1827 of the Bombay Code, be rescinded.

II. And it is hereby enacted, that all Hereditary Officers of whatever denomination, belonging to, or employed in the management of the Land Revenue, or of the Customs or Town Duties, or Excise, or other Revenue, or in the Police, or in the Civil Administration of the country, shall render the usual services of their respective Offices, as far as the same may be required by the Collector, or other Officer under whose control they may be placed by usage or the orders of Government.

III. And it is hereby enacted, that when the duties of an Hereditary Office fall in more than one Department, it shall be competent to the Governor in Council of Bombay to prescribe what Officer shall be vested with the control of such Office.

IV. And it is hereby enacted, that it shall be competent to the Collector or other Officer to whom the duties of an Hereditary Office are, as provided in Clause II., to be rendered, when the performance of those duties is claimed in rotation by different sharers, to require that the sharers in the wuttun shall nominate a fit and proper person from among their number, who shall hold the Office as the Representative of the family either during life, or for such term, not being less in each instance than (five) 5 years, as the Collector or Controlling Officer shall determine with the sanction of the Governor in Council, and in the event of the sharers not so nominating, when required one or more of their number within a reasonable period to be fixed by the Collector or Controlling Officer, the Collector or Controlling Officer shall himself exercise the power of selection, subject to the approval of the Governor in Council.

V. And it is hereby enacted, that it shall be competent to the Collector or Controlling Officer to refuse to confirm the nomination by the sharers of any individual, if he shall have reason to think, that from age or personal disqualification the duties of the Office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust, provided that the grounds of such refusa shall be recorded in writing and that an appeal from such decision shall lie to the Governor in Council, whose order thereon shall be final.

VI. And it is hereby enacted, that the Collector or Controlling Officer shall have power to punish Officiating Hereditary Officers for misconduct or neglect of duty by suspension from office, pay, and emolument, or by fine not exceeding the computed official emolument of their offices for three months, and to levy the said fine in the mode authorized for realizing Revenue demands.

VII. And it is hereby further enacted, that the Collector or Controlling Officer, in cases of misconduct or incompetency on the part of an Officiating Hereditary Officer, shall have power to dismiss such Officer from his employment, but no such dismissal shall take place, except on an investigation recorded in writing, which shall be submitted for the approval and sanction of the Governor in Council.

VIII. And it is hereby enacted, that, in conducting the investigation prescribed in the preceding Section, the Collector or Controlling Officer, shall have the same authority as a Magistrate in compelling the attendance of parties and witnesses, and the production of papers, and in taking evidence.

IX. And it is hereby further enacted, that whenever any such Hereditary Officer shall be convicted of fraud or malversation, or of any criminal offence in the conduct of the duties of the Office by any Sessions Court, it shall be lawful for the said Governor in Council, to direct the confiscation of the wuttun, either wholly or in part, and after such confiscation the duties of the office shall be performed by such person as the Governor in Council shall appoint, and the surplus proceeds of the wuttun shall be disposed of for the benefit of the parties previously entitled thereto or otherwise in such manner as the said Governor in Council may direct.

X. And it is hereby enacted, that no female shall perform in person the duties of any Hereditary Office.

XI. And it is hereby enacted, that if any Hereditary Officer is incapable of personally discharging the duties of his or her office by reason of sex, minority, mental or bodily infirmity, or manifest incapacity, it shall be lawful for the Collector or Controlling Officer to call upon him or her, or his or her Guardians to appoint a Deputy, subject to his approval, and on the party or parties failing to appoint a fit Deputy within a reasonable period, the appointment shall be made by the said Collector or Controlling Officer.

XII And it is hereby enacted, that all Deputies appointed to perform the duties of Hereditary Offices under this Act, and under Section IV. Regulation V. 1833, of the Bombay Code, shall be subject to the same rules and penalties as the Principals, and that the wuttun of the office shall be liable to confiscation upon the conviction by any Sessions Court of any Deputy appointed by the Hereditary Officer in the same manner as it would be under the IXth Section of this Act upon the conviction of the Hereditary Officer himself.

XIII. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer to participate in the rents and profits of any Hereditary Office so held and filled as above provided, after provision shall have been made therefrom for the fit maintenance of the Officiating Hereditary Officer, for which purpose it shall be competent to the Collector or Controlling Officer to fix and assign a specific portion of such rents and emoluments, leaving the remainder only, subject to the claims of the other sharers—and further that the portion of the rents and emoluments so fixed and assigned shall be the official remuneration of the Officiating Hereditary Officer, and shall not be liable to Civil process of any Court of Law.

XIV. And it is hereby enacted, that whenever it may be necessary, as herein before provided, that the Collector or Controlling Officer shall appoint a Deputy to conduct the duties of an Hereditary Office, it shall be lawful for him to assign to such Deputy a fit remuneration from the rents and profits of the said Office.

XV. And it is hereby enacted, that the terms "Hereditary District or Village Office or Officers" or "Hereditary District or Village Revenue Office or Officers" used in Regulation XVI. 1827 and Regulation V. 1833, of the Bombay Code, shall be held to apply to all descriptions of Hereditary Offices and Officers.

FORT WILLIAM,

HOME DEPARTMENT,

LEGISLATIVE,

THE 29TH JULY, 1843.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 29th July 1843, is hereby promulgated for general information.

ACT No. XIII. OF 1843.

An Act for regulating inquiries into the truth of matters implicating the public conduct of Officers not removeable without the sanction of Government within the Presidency of Fort St. George in Madras.

Whereas it is expedient to amend the provisions contained in the Regulations concerning inquiries into the truth of matters implicating the public conduct of European Officers, and to extend the same to all Officers not removeable without the sanction of Government:

I. It is hereby enacted, that Regulations III. of 1809, II. of 1810, VI. of 1818, and VIII. of 1822, of the Madras Code, be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort St. George in Madras, whenever either the Courts of Sudr and Foujdaree Adawlut, or the Board of Revenue, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of official misconduct affecting any Officer subject to their control respectively, and not removeable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor in Council of Fort St. George, for his consideration and orders.

III. And it is hereby enacted, that any charge or information, of the description aforesaid, may be preferred direct to the Courts of Sudr and Foujdaree Adawlut, or to the Board of Revenue, respectively, who shall examine the complainant or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and require the party accused to explain or reply to any matters they may deem to need explanation and make such further inquiries, upon oath or affirmation upon the subject as they may judge proper.

IV. And it is hereby enacted, that any charge or information may also be made before any Judge, Magistrate, or Collector, for any acts of the description beforementioned committed within their jurisdiction, respectively, who shall examine the complainant or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and shall transmit the deposition so taken to the Sudr and Foujdaree Adawlut, or to the Board of Revenue, according as the person accused may be subject to those Authorities respectively.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, to act upon any such charge or information, unless the person preferring the same shall make oath, or solemn affirmation in case he be entitled to be exempted from taking an oath, that he believes the facts on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudr and Foujdaree Adawlut, and for the said Board, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II. of this Act.

VII. And it is hereby provided, that the said Courts of Sudr and Foujdaree Adawlut, and the said Board, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. And it is hereby provided, nevertheless, that if any matter of the nature aforesaid, affecting such Officer as is mentioned in the second Section of this Act, shall appear in the course of any proceedings, whether preliminary or otherwise, which shall come before or be reported to either of the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, those authorities shall act upon such matter, or institute such inquiry upon oath or affirmation as aforesaid, into the same as they shall deem proper for the purpose of such reference as aforesaid to the Governor in Council of Fort St. George, although no charge or information be preferred as aforesaid: and in such cases it shall not be necessary before acting upon or instituting any inquiry concerning any matter so appearing in the course of proceedings, to require any oath or affirmation in regard to the truth of such matter.

IX. And it is hereby enacted, that if the Governor in Council of Fort St. George, upon such reference as is mentioned in the second Section of this Act, shall concur with the Authority by which it may be submitted, or if such Governor in Council shall, from information of the description aforesaid that may be laid before him in respect of any Officer not directly subject to the Courts or Board above named, deem it necessary to institute proceedings against any such Officer, he shall appoint a Commissioner or Commissioners for making a regular and formal inquiry into the truth of the matters referred.

X. And it is hereby enacted, that on the appointment of every such Commission, the said Governor in Council shall direct whether the Commission shall be placed under the control of any of the Authorities aforesaid, or shall act immediately under the authority of Government, and all Commissions appointed as aforesaid shall be guided by the instructions which they may receive in this behalf from the Government.

XI. And it is hereby enacted, that the Commissioner or Commissioners appointed as aforesaid, before entering on the discharge of his or their duties, shall take the following oath :

I, A. B., Commissioner for the purpose of (here state the object of the Commission) do solemnly swear that I will faithfully and impartially perform the duty committed to me without fear, favor, or bias, to the best of my ability, knowledge, and judgment ; so help me God.

XII. And it is hereby enacted, that whenever a charge shall be referred for investigation to a Special Commission, the said Governor in Council will determine whether the conduct of the prosecution shall be left to the accuser, or be undertaken on the part of Government. In the latter case, the said Governor in Council will nominate such person or persons as may be deemed proper, to conduct the prosecution on behalf of Government.

XIII. And it is hereby enacted, that it shall be the duty of Commissioners appointed under this Act, after receiving the plaint or charge, and the documents from which the same may have been prepared, to call upon the person accused for his reply to the accusation ; to examine upon oath, or under a solemn declaration, the witnesses named by the accuser or the accused ; to receive any further written documents offered in support of, or against the accusation ; and to call for and take any further requisite evidence which may be indicated by the witnesses adduced or documents exhibited by either party, and may appear to be necessary for the ascertainment of facts, or the discovery of the truth or falsehood of the charges or of any part thereof.

XIV. And it is hereby enacted, that for the discharge of the duties specified in the preceding Section, or any other functions which may be delegated to a Commission under this Act such Commission shall be vested with the same powers as are exercised by the Zillah Courts, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through the Zillah Judge in whose jurisdiction the Commission may be held, and executed by the Zillah Judge in whose jurisdiction the witness or other person upon whom the process is to be served may reside.

XV. And it is hereby enacted, that on the close of the evidence for the prosecution and defence, the accused shall be at liberty to record any observation upon the result of the inquiry which he may think necessary for the vindication of his conduct and character. The accuser, or the person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XVI. And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases to the Controlling Court or Board, the proceedings under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XVII. And it is hereby provided, that it shall be lawful for the said Governor in Council, or the Controlling Court or Board, upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorized and required to take such further evidence, and to give such further explanation.

XVIII. And it is hereby enacted, that the Sudr and Foujdaree Adawlut, or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government, together with their opinion whether any and what charges have been established against the accused.

XIX. And it is hereby provided, that whenever a Special Commission may be appointed under the Provisions of this Act, the said Governor in Council will determine, on a view of the nature and circumstances of the case, whether the accused Officer shall be suspended from the discharge of the functions of his office ; and if so, whether he shall be permitted to draw the established allowances of his office, or otherwise.

XX. And it is hereby provided, that the Governor in Council on consideration of the report and proceedings submitted to him in pursuance of Sections XVI. and XVIII. of this Act, will pass such decision on the case as may appear to him most consonant to the principles of justice and consistent with the powers possessed by Government in matters of this description ; and in the event of his deeming it necessary that the party accused should be brought to trial by a public prosecution before a competent Court of Law, will issue the necessary instructions for that purpose to the Law Officers of Government. But whatever proceedings may be held, or whatever decision or order may be passed by Government, individuals deeming themselves aggrieved by any Public Officer, will be at all times at liberty to seek redress according to the ordinary forms prescribed by law.

The following Draft of a proposed Act was read in Council for the first time on the 22d July 1843.

Act No. —— of 1843.

An Act respecting the expense of preparing Copies of Proceedings in Appeals.

Whereas it is just and necessary that the expense of preparing copies in the English Language of the proceedings in Cases appealed to the Queen in Council, as now required by Section 5, Regulation XVI. 1797, and Section 34, Regulation V. 1803, should be borne by the parties prosecuting those Appeals.

I. It is hereby enacted, that in all cases of Appeals to the Queen in Council from judgments delivered by the Courts of Sudder Dewanny Adawlut at Fort William and at Allahabad, the expense of preparing two copies of all the proceedings held, and judgments or orders given in the case appealed, including the whole of the evidence and documents and of translating into the English Language such of the aforesaid proceedings, as may have been originally drawn out in the country languages shall be defrayed by the parties prosecuting the Appeal.

II. It is hereby further enacted, that the Courts of Sudder Dewanny Adawlut are empowered and required to cause the deposit by the appellant of such a sum as shall be sufficient to cover the expense of making the two aforesaid copies, and when such deposit shall have been made, and not till then, to declare the Appeal admitted, and to give notice thereof to the Appellant and Respondent respectively.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 22d day of October next.

Considered the application of Mrs. A. Cumming, Widow of the late Mr. Alexander Cumming, a Subscriber, who died on the 30th January 1840, leaving three Children. All the papers relating to this case were laid upon the table.

Resolved,—That the proceedings of the Managers in her case be approved, and Mrs. Cumming and her three Children be admitted to the benefits of the Fund from the date of Mr. C.'s demise.

The Secretary reports to the Meeting the proceedings of the Managers in respect to a change in the plan of realizing the Subscriptions paid towards the Fund, and of investing its Monthly Balances. At the General Meeting of Subscribers held on 31st July 1841, it was reported that the Managers had in the preceding year proposed to the Government the substitution, instead of the remittances by Drafts of all Subscriptions paid in the interior, of a general system of credit from Monthly Audit Statements to be prepared by the Civil Auditors of all *deductions of Subscription* made by them from the Salary Bills of Subscribers. But this suggestion was referred to the Hon'ble Court, who do not appear to have yet decided upon it.—Accordingly, the only other better system of Account than the old system now presenting itself is that which the Managers have adopted, in conjunction with the Accountant General and the Accountant North Western Provinces, from the 1st of May last. The Subscriptions paid into Collectors' and other Treasuries in the interior are no longer required to be remitted to the Treasurer, but a General Monthly Statement of all Subscriptions brought monthly to credit in the various Treasuries throughout India,* is to be submitted to the Accountant General, who attesting the same and deducting the month's charges against the Fund, sanctions the Net Amount as a Credit with accruing Interest from the first of the month. This plan will greatly simplify the process of Account, and save some trouble to the Sub-Treasurer, to Collectors, and to other Public Officers; it is expected also to benefit the Fund in a more regular investment of its balances, which may thence yield a better return of Interest.

* For the N. W. Provinces the Accountant at Agra will furnish the requisite Statements; for the Lower Provinces Statements will be prepared from the Accounts received in the Revenue and other Departments.

Resolved,—That the Managers' Proceedings relating to the Accounts be approved and confirmed.

A vote of thanks was passed to the Chairman.

W. H. BELLI,
Chairman.

FORT WILLIAM, FINANCIAL DEPARTMENT,

THE 4TH AUGUST, 1843.

NOTIFICATION.

Notice is hereby given, that the Government of India has recommended to the Home Authorities, the expediency of discontinuing as soon as possible the present system of making advances in India upon the Security of Goods to be hypothecated to the East India Company.

The Governor General in Council is of opinion, that the full supplies required to meet the wants of the Home Treasury can be raised in England by the Hon'ble the Court of Directors by the Sale of Bills on India, without any necessity for the intervention of the Government in the Indian Markets, and he is desirous of relieving the trade of India from the irregular intrusions of a competition that is governed principally by the Political Exigencies of the State.

The Governor General in Council is aware, that private interests may be injuriously affected by the sudden discontinuance of any system that has been long in operation, and he issues this timely notification of his views upon a subject of the gravest importance to the Mercantile community connected with the trade of India, in order that they may not be unprepared for a change of measures, which the Government of India is urging strongly on the attention of the Home Authorities, and will be ready to carry out at the earliest convenient opportunity.

By order of the Right Hon'ble the Governor General in Council,

J. A. DORIN,
Secy. to the Govt. of India.

LEGISLATIVE,

THE 29TH JULY, 1843.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 29th July 1843, is hereby promulgated for general information.

ACT No. XIII. OF 1843.

An Act for regulating inquiries into the truth of matters implicating the public conduct of Officers not removeable without the sanction of Government within the Presidency of Fort St. George in Madras.

Whereas it is expedient to amend the provisions contained in the Regulations concerning inquiries into the truth of matters implicating the public conduct of European Officers, and to extend the same to all Officers not removeable without the sanction of Government:

I. It is hereby enacted, that Regulations III. of 1809, II. of 1810, VI. of 1818, and VIII. of 1822, of the Madras Code, be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort St. George in Madras, whenever either the Courts of Sudr and Foujdaree Adawlut, or the Board of Revenue, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of official misconduct affecting any Officer subject to their control respectively, and not removeable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor in Council of Fort St. George, for his consideration and orders.

III. And it is hereby enacted, that any charge or information, of the description aforesaid, may be preferred direct to the Courts of Sudr and Foujdaree Adawlut, or to the Board of Revenue, respectively, who shall examine the complainant or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and require the party accused to explain or reply to any matters they may deem to need explanation and make such further inquiries, upon oath or affirmation upon the subject as they may judge proper.

IV. And it is hereby enacted, that any charge or information may also be made before any Judge, Magistrate, or Collector, for any acts of the description beforementioned committed within their jurisdiction, respectively, who shall examine the complainant or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and shall transmit the deposition so taken to the Sudr and Foujdaree Adawlut, or to the Board of Revenue, according as the person accused may be subject to those Authorities respectively.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, to act upon any such charge or information, unless the person preferring the same shall make oath, or solemn affirmation in case he be entitled to be exempted from taking an oath, that he believes the facts on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudr and Foujdaree Adawlut, and for the said Board, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II. of this Act.

VII. And it is hereby provided, that the said Courts of Sudr and Foujdaree Adawlut, and the said Board, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. And it is hereby provided, nevertheless, that if any matter of the nature aforesaid, affecting such Officer as is mentioned in the second Section of this Act, shall appear in the course of any proceedings, whether preliminary or otherwise, which shall come before or be reported to either of the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, those authorities shall act upon such matter, or institute such inquiry upon oath or affirmation as aforesaid, into the same as they shall deem proper for the purpose of such reference as aforesaid to the Governor in Council of Fort St. George, although no charge or information be preferred as aforesaid: and in such cases it shall not be necessary before acting upon or instituting any inquiry concerning any matter so appearing in the course of proceedings, to require any oath or affirmation in regard to the truth of such matter.

IX. And it is hereby enacted, that if the Governor in Council of Fort St. George, upon such reference as is mentioned in the second Section of this Act, shall concur with the Authority by which it may be submitted, or if such Governor in Council shall, from information of the description aforesaid that may be laid before him in respect of any Officer not directly subject to the Courts or Board above named, deem it necessary to institute proceedings against any such Officer, he shall appoint a Commissioner or Commissioners for making a regular and formal inquiry into the truth of the matters referred.

X. And it is hereby enacted, that on the appointment of every such Commission, the said Governor in Council shall direct whether the Commission shall be placed under the control of any of the Authorities aforesaid, or shall act immediately under the authority of Government, and all Commissions appointed as aforesaid shall be guided by the instructions which they may receive in this behalf from the Government.

XI. And it is hereby enacted, that the Commissioner or Commissioners appointed as aforesaid, before entering on the discharge of his or their duties, shall take the following oath :

I, A. B., Commissioner for the purpose of (here state the object of the Commission) do solemnly swear that I will faithfully and impartially perform the duty committed to me without fear, favor, or bias, to the best of my ability, knowledge, and judgment ; so help me God.

XII. And it is hereby enacted, that whenever a charge shall be referred for investigation to a Special Commission, the said Governor in Council will determine whether the conduct of the prosecution shall be left to the accuser, or be undertaken on the part of Government. In the latter case, the said Governor in Council will nominate such person or persons as may be deemed proper, to conduct the prosecution on behalf of Government.

XIII. And it is hereby enacted, that it shall be the duty of Commissioners appointed under this Act, after receiving the plaint or charge, and the documents from which the same may have been prepared, to call upon the person accused for his reply to the accusation ; to examine upon oath, or under a solemn declaration, the witnesses named by the accuser or the accused ; to receive any further written documents offered in support of, or against the accusation ; and to call for and take any further requisite evidence which may be indicated by the witnesses adduced or documents exhibited by either party, and may appear to be necessary for the ascertainment of facts, or the discovery of the truth or falsehood of the charges or of any part thereof.

XIV. And it is hereby enacted, that for the discharge of the duties specified in the preceding Section, or any other functions which may be delegated to a Commission under this Act such Commission shall be vested with the same powers as are exercised by the Zillah Courts, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through the Zillah Judge in whose jurisdiction the Commission may be held, and executed by the Zillah Judge in whose jurisdiction the witness or other person upon whom the process is to be served may reside.

XV. And it is hereby enacted, that on the close of the evidence for the prosecution and defence, the accused shall be at liberty to record any observation upon the result of the inquiry which he may think necessary for the vindication of his conduct and character. The accuser, or the person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XVI. And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases to the Controlling Court or Board, the proceedings under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XVII. And it is hereby provided, that it shall be lawful for the said Governor in Council, or the Controlling Court or Board, upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorized and required to take such further evidence, and to give such further explanation.

XVIII. And it is hereby enacted, that the Sudr and Foujdaree Adawlut, or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government, together with their opinion whether any and what charges have been established against the accused.

XIX. And it is hereby provided, that whenever a Special Commission may be appointed under the Provisions of this Act, the said Governor in Council will determine, on a view of the nature and circumstances of the case, whether the accused Officer shall be suspended from the discharge of the functions of his office; and if so, whether he shall be permitted to draw the established allowances of his office, or otherwise.

XX. And it is hereby provided, that the Governor in Council on consideration of the report and proceedings submitted to him in pursuance of Sections XVI. and XVIII. of this Act, will pass such decision on the case as may appear to him most consonant to the principles of justice and consistent with the powers possessed by Government in matters of this description; and in the event of his deeming it necessary that the party accused should be brought to trial by a public prosecution before a competent Court of Law, will issue the necessary instructions for that purpose to the Law Officers of Government. But whatever proceedings may be held, or whatever decision or order may be passed by Government, individuals deeming themselves aggrieved by any Public Officer, will be at all times at liberty to seek redress according to the ordinary forms prescribed by law.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
The 5th August, 1843.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information:

Read again the Draft Act for regulating the levy of Customs Duties, and the Manufacture of Salt in the North Western Provinces of the Presidency of Bengal.

Resolution. By this Act will be abolished the Duties on 121 Articles, including Piece Goods, and all Embroidered Goods, Iron, Silk, Shawls, Indigo, Tobacco, Oil and Oil Seeds. Of the Duties to be abolished, those on 48 Articles produced, on an average of the three years ending in 1841-42, an aggregate receipt of only 1,500 Rupees.

The additional duty to be imposed by the Act on the Import of Salt into the North Western Provinces, will only raise the duty generally to two-thirds of the amount of that already levied in Bengal, and to the Eastward of Allahabad to the level of the Bengal duty.

The additional powers given to the Customs Department and the increased strength which will be given to the Customs Establishment will, it is to be hoped, prevent any increase of Smuggling on the North West Frontier, and it may be expected that the result of a measure which gives almost entire freedom to internal Trade, will be a considerable increase of the Revenue.

Resolved accordingly, that the Act in question be passed.

Act No. XIV. of 1843.

An Act for regulating the levy of Customs Duties and the manufacture of Salt in the North Western Provinces of the Presidency of Bengal.

I. It is hereby enacted, that Regulation XVI. 1829, Act II. 1838, and so much of Regulation IX. 1810, and of any other Regulation and Act, as affects the Collection of Customs Duties or the Manufacture of Salt in the North Western Provinces of the Presidency of Bengal, shall be repealed from the 1st day of September, 1843.

II. And it is further enacted, that from and after the day abovementioned, the following and no other Duties of Customs shall be leviable upon the Import and Export of Articles into and from the North Western Provinces of the Presidency of Bengal, that is to say:

On the Import of Salt, of all descriptions, two Rupees per maund, and a further duty of one Rupee per maund on the transmission thereof to the Eastward of Allahabad.

On the Import of Cotton, uncleaned, four Annas per maund, cleaned eight Annas per maund.

On the Export of Misree, Kund, Chenee and all clayed and refined Sugar, eight Annas per maund, Goor, Râb, Sheerah, and all unclayed and unrefined Saccharine produce, three Annas per maund.

The Import of Sugar into any part of the said Provinces, is, and shall remain, prohibited.

III. And it is further enacted, that it shall be lawful for the Government of the said Provinces from time to time to make and issue such orders as may be deemed expedient for the collection of the aforesaid Duties in such manner, and upon such line or lines, and at such places on or near such line or lines as may seem fit, and all such orders shall have the same force as if they formed a part of this Act from the date notified in the Gazette, wherein they shall be published.

IV. And it is further enacted, that from and after the First day of September 1843, the manufacture of alimentary Salt throughout the North Western Provinces of the Presidency of Bengal, without the express sanction of the Government, is prohibited; and that any person engaging in the manufacture of such Salt, or preparing or causing to be prepared works for the manufacture of such Salt, without such sanction, and all Zemindars or other proprietors of land, or their Agents, conniving at such illicit manufacture, shall on conviction by the Magistrate, within the limits of whose District the offence may have occurred, be punished by a fine not exceeding 500 Rupees, and on non-payment of such fine, by imprisonment not exceeding six months with or without hard labor, and that all works at which such manufacture shall have been conducted, or which are designed for such manufacture shall be destroyed, and any Salt which may be manufactured or stored thereat, shall be seized and confiscated.

V. And it is further enacted, that it shall be lawful for the Collectors of Customs and the Collectors of Land Revenue within their jurisdictions, to destroy all works for the manufacture of Salt, and to seize the Salt stored thereat, and to apprehend the persons concerned in the manufacture thereof, and make them over for trial to the Magistrate within the limits of whose District the offence may have occurred.

VI. It is further enacted, that all Sugar imported into the said Provinces, and all Articles imported or exported without payment of the duties imposed by this Act, or in contravention of the orders which may be made and issued under the provisions thereof, and all Boats, Carriages and Conveyances, and all animals used in transporting the same, shall be liable to be seized and confiscated in the manner hereinafter mentioned.

VII. And it is further enacted, that all persons evading or attempting to evade the payment of the duties imposed by this Act, and all persons aiding or abetting such attempts or evasions, or in any manner acting in contravention of this Act, or of any order made and issued under the provisions thereof, and all Zemindars and other Proprietors of land, or their Agents, who shall wilfully connive at such attempts or evasions or aid such acts, shall on conviction by the Magistrate within the limits of whose District the offence may have occurred, be punished by a fine not exceeding 500 Rupees, and on non-payment thereof by imprisonment not exceeding six months with or without hard labor.

VIII. And it is further enacted, that it shall be lawful for all Officers of the Customs Department to search any carriages and conveyances, and any packages upon reasonable grounds of suspicion that such carriages, conveyances or packages, contain any articles made subject to duty, or prohibited to be imported by this Act, and to detain all such articles as may be liable to confiscation under the provisions thereof.

IX. And it is hereby enacted, that whenever any articles or goods shall be seized or detained under the provisions of this Act the Collector or Deputy Collector of Land Revenue or Customs, within whose jurisdiction such seizure or detention shall occur, shall, with all practicable expedition, report the case for the determination of the Commissioner of Revenue, and it shall be lawful for such Commissioner to declare such articles or goods to be confiscated, or to impose such lesser penalty in lieu thereof as to him may seem fit.

X. And it is hereby enacted, that it shall be lawful for all Officers in the Customs Department to apprehend any person upon reasonable grounds of suspicion that such person is liable to punishment under this Act, and to make him over for trial with all practicable expedition to the Magistrate within whose jurisdiction the offence may occur.

XI. Provided always, that any Officer of the Customs Department who shall without reasonable grounds of suspicion search any carriage or conveyance or any package, shall upon conviction thereof before the Magistrate within whose jurisdiction the offence may have been committed, be punished with fine not exceeding 250 Rupees, which fine shall be paid over to the party aggrieved, and on non-payment of such fine, with imprisonment not exceeding three months; and provided also, that any Officer of the Customs Department who shall under color of this Act apprehend any person without reasonable grounds of suspicion that such person is liable to punishment under this Act, shall upon conviction before the Magistrate within whose jurisdiction the offence may have been committed, be punished with fine not exceeding 500 Rupees, which fine shall be paid over to the party aggrieved, and on non-payment of such fine, with imprisonment not exceeding six months.

XII. And it is hereby enacted, that all Magistrates, or persons exercising the powers of Magistrate, shall be competent to receive and determine all charges against persons thus made over to them for trial on account of offences against this Act, and that all sentences passed in pursuance of this Act, shall be open to appeal under such Rules as may from time to time be laid down for the cognizance of appeals in ordinary cases.

XIII. And it is hereby enacted, that all Officers of Police, and all Officers of the Government engaged in the Collection of the Land Revenue, are empowered and required to aid and assist the Officers of the Customs Department in the execution of this Act.

XIV. And it is further enacted, that nothing in this Act contained shall apply or be deemed to apply to the Saugor and Nerbudda Territories, or to the District of Ajmere.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked via "Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c. for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2*s.* 8*d.* By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1*s.*

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2*d.* each.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 29th July 1843, is hereby promulgated for general information.

ACT No. XIII. OF 1843.

An Act for regulating inquiries into the truth of matters implicating the public conduct of Officers not removeable without the sanction of Government within the Presidency of Fort St. George in Madras.

Whereas it is expedient to amend the provisions contained in the Regulations concerning inquiries into the truth of matters implicating the public conduct of European Officers, and to extend the same to all Officers not removeable without the sanction of Government:

I. It is hereby enacted, that Regulations III. of 1809, II. of 1810, VI. of 1818, and VIII. of 1822, of the Madras Code, be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort St. George in Madras, whenever either the Courts of Sudr and Foujdaree Adawlut, or the Board of Revenue, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of official misconduct affecting any Officer subject to their control respectively, and not removeable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor in Council of Fort St. George, for his consideration and orders.

VII. And it is hereby provided, that the said Courts of Sudr and Foujdaree Adawlut, and the said Board, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

FORT WILLIAM,

HOME DEPARTMENT,

LEGISLATIVE,

THE 5TH AUGUST, 1843.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information:

Read again the Draft Act for regulating the levy of Customs Duties, and the Manufacture of Salt in the North Western Provinces of the Presidency of Bengal.

Resolution. By this Act will be abolished the Duties on 121 Articles, including Piece Goods, and all Embroidered Goods, Iron, Silk, Shawls, Indigo, Tobacco, Oil and Oil Seeds. Of the Duties to be abolished, those on 48 Articles produced, on an average of the three years ending in 1841-42, an aggregate receipt of only 1,500 Rupees.

The additional duty to be imposed by the Act on the Import of Salt into the North Western Provinces, will only raise the duty generally to two-thirds of the amount of that already levied in Bengal, and to the Eastward of Allahabad to the level of the Bengal duty.

The additional powers given to the Customs Department and the increased strength which will be given to the Customs Establishment will, it is to be hoped, prevent any increase of Smuggling on the North West Frontier, and it may be expected that the result of a measure which gives almost entire freedom to internal Trade, will be a considerable increase of the Revenue.

Resolved accordingly, that the Act in question be passed.

ACT No. XIV. OF 1843.

An Act for regulating the levy of Customs Duties and the manufacture of Salt in the North Western Provinces of the Presidency of Bengal.

I. It is hereby enacted, that Regulation XVI. 1829, Act II. 1838, and so much of Regulation IX. 1810, and of any other Regulation and Act, as affects the Collection of Customs Duties or the Manufacture of Salt in the North Western Provinces of the Presidency of Bengal, shall be repealed from the 1st day of September, 1843.

II. And it is further enacted, that from and after the day abovementioned, the following and no other Duties of Customs shall be leviable upon the Import and Export of Articles into and from the North Western Provinces of the Presidency of Bengal, that is to say:

On the Import of Salt, of all descriptions, two Rupees per maund, and a further duty of one Rupee per maund on the transmission thereof to the Eastward of Allahabad.

On the Import of Cotton, uncleaned, four Annas per maund, cleaned eight Annas per maund.

On the Export of Misree, Kund, Chenee and all clayed and refined Sugar, eight Annas per maund, Goor, Râb, Sheerah, and all unclayed and unrefined Saccharine produce, three Annas per maund.

The Import of Sugar into any part of the said Provinces, is, and shall remain, prohibited.

III. And it is further enacted, that it shall be lawful for the Government of the said Provinces from time to time to make and issue such orders as may be deemed expedient for the collection of the aforesaid Duties in such manner, and upon such line or lines, and at such places on or near such line or lines as may seem fit, and all such orders shall have the same force as if they formed a part of this Act from the date notified in the Gazette, wherein they shall be published.

IV. And it is further enacted, that from and after the First day of September 1843, the manufacture of alimentary Salt throughout the North Western Provinces of the Presidency of Bengal, without the express sanction of the Government, is prohibited; and that any person engaging in the manufacture of such Salt, or preparing or causing to be prepared works for the manufacture of such Salt, without such sanction, and all Zemindars or other proprietors of land, or their Agents, conniving at such illicit manufacture, shall on conviction by the Magistrate, within the limits of whose District the offence may have occurred, be punished by a fine not exceeding 500 Rupees, and on non-payment of such fine, by imprisonment not exceeding six months with or without hard labor, and that all works at which such manufacture shall have been conducted, or which are designed for such manufacture shall be destroyed, and any Salt which may be manufactured or stored thereat, shall be seized and confiscated.

V. And it is further enacted, that it shall be lawful for the Collectors of Customs and the Collectors of Land Revenue within their jurisdictions, to destroy all works for the manufacture of Salt, and to seize the Salt stored thereat, and to apprehend the persons concerned in the manufacture thereof, and make them over for trial to the Magistrate within the limits of whose District the offence may have occurred.

VI. It is further enacted, that all Sugar imported into the said Provinces, and all Articles imported or exported without payment of the duties imposed by this Act, or in contravention of the orders which may be made and issued under the provisions thereof, and all Boats, Carriages and Conveyances, and all animals used in transporting the same, shall be liable to be seized and confiscated in the manner hereinafter mentioned.

VII. And it is further enacted, that all persons evading or attempting to evade the payment of the duties imposed by this Act, and all persons aiding or abetting such attempts or evasions, or in any manner acting in contravention of this Act, or of any order made and issued under the provisions thereof, and all Zemindars and other Proprietors of land, or their Agents, who shall wilfully connive at such attempts or evasions or aid such acts, shall on conviction by the Magistrate within the limits of whose District the offence may have occurred, be punished by a fine not exceeding 500 Rupees, and on non-payment thereof by imprisonment not exceeding six months with or without hard labor.

VIII. And it is further enacted, that it shall be lawful for all Officers of the Customs Department to search any carriages and conveyances, and any packages upon reasonable grounds of suspicion that such carriages, conveyances or packages, contain any articles made subject to duty, or prohibited to be imported by this Act, and to detain all such articles as may be liable to confiscation under the provisions thereof.

IX. And it is hereby enacted, that whenever any articles or goods shall be seized or detained under the provisions of this Act the Collector or Deputy Collector of Land Revenue or Customs, within whose jurisdiction such seizure or detention shall occur, shall, with all practicable expedition, report the case for the determination of the Commissioner of Revenue, and it shall be lawful for such Commissioner to declare such articles or goods to be confiscated, or to impose such lesser penalty in lieu thereof as to him may seem fit.

X. And it is hereby enacted, that it shall be lawful for all Officers in the Customs Department to apprehend any person upon reasonable grounds of suspicion that such person is liable to punishment under this Act, and to make him over for trial with all practicable expedition to the Magistrate within whose jurisdiction the offence may occur.

XI. Provided always, that any Officer of the Customs Department who shall without reasonable grounds of suspicion search any carriage or conveyance or any package, shall upon conviction thereof before the Magistrate within whose jurisdiction the offence may have been committed, be punished with fine not exceeding 250 Rupees, which fine shall be paid over to the party aggrieved, and on non-payment of such fine, with imprisonment not exceeding three months; and provided also, that any Officer of the Customs Department who shall under color of this Act apprehend any person without reasonable grounds of suspicion that such person is liable to punishment under this Act, shall upon conviction before the Magistrate within whose jurisdiction the offence may have been committed, be punished with fine not exceeding 500 Rupees, which fine shall be paid over to the party aggrieved, and on non-payment of such fine, with imprisonment not exceeding six months.

XII. And it is hereby enacted, that all Magistrates, or persons exercising the powers of Magistrate, shall be competent to receive and determine all charges against persons thus made over to them for trial on account of offences against this Act, and that all sentences passed in pursuance of this Act, shall be open to appeal under such Rules as may from time to time be laid down for the cognizance of appeals in ordinary cases.

XIII. And it is hereby enacted, that all Officers of Police, and all Officers of the Government engaged in the Collection of the Land Revenue, are empowered and required to aid and assist the Officers of the Customs Department in the execution of this Act.

XIV. And it is further enacted, that nothing in this Act contained shall apply or be deemed to apply to the Saugor and Nerbudda Territories, or to the District of Ajmere.

FORT WILLIAM,

HOME DEPARTMENT,

LEGISLATIVE,

THE 5TH AUGUST, 1843.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information:

Read again the Draft Act for regulating the levy of Customs Duties, and the Manufacture of Salt in the North Western Provinces of the Presidency of Bengal.

Resolution. By this Act will be abolished the Duties on 121 Articles, including Piece Goods, and all Embroidered Goods, Iron, Silk, Shawls, Indigo, Tobacco, Oil and Oil Seeds. Of the Duties to be abolished, those on 48 Articles produced, on an average of the three years ending in 1841-42, an aggregate receipt of only 1,500 Rupees.

The additional duty to be imposed by the Act on the Import of Salt into the North Western Provinces, will only raise the duty generally to two-thirds of the amount of that already levied in Bengal, and to the Eastward of Allahabad to the level of the Bengal duty.

The additional powers given to the Customs Department and the increased strength which will be given to the Customs Establishment will, it is to be hoped, prevent any increase of Smuggling on the North West Frontier, and it may be expected that the result of a measure which gives almost entire freedom to internal Trade, will be a considerable increase of the Revenue.

Resolved accordingly, that the Act in question be passed.

Act No. XIV. of 1843.

An Act for regulating the levy of Customs Duties and the manufacture of Salt in the North Western Provinces of the Presidency of Bengal.

I. It is hereby enacted, that Regulation XVI. 1829, Act II. 1838, and so much of Regulation IX. 1810, and of any other Regulation and Act, as affects the Collection of Customs Duties or the Manufacture of Salt in the North Western Provinces of the Presidency of Bengal, shall be repealed from the 1st day of September, 1843.

II. And it is further enacted, that from and after the day abovementioned, the following and no other Duties of Customs shall be leviable upon the Import and Export of Articles into and from the North Western Provinces of the Presidency of Bengal, that is to say:

On the Import of Salt, of all descriptions, two Rupees per maund, and a further duty of one Rupee per maund on the transmission thereof to the Eastward of Allahabad.

On the Import of Cotton, uncleaned, four Annas per maund, cleaned eight Annas per maund.

On the Export of Misree, Kund, Chenee and all clayed and refined Sugar, eight Annas per maund, Goor, Râb, Sheerah, and all unclayed and unrefined Saccharine produce, three Annas per maund.

The Import of Sugar into any part of the said Provinces, is, and shall remain, prohibited.

III. And it is further enacted, that it shall be lawful for the Government of the said Provinces from time to time to make and issue such orders as may be deemed expedient for the collection of the aforesaid Duties in such manner, and upon such line or lines, and at such places on or near such line or lines as may seem fit, and all such orders shall have the same force as if they formed a part of this Act from the date notified in the Gazette, wherein they shall be published.

IV. And it is further enacted, that from and after the First day of September 1843, the manufacture of alimentary Salt throughout the North Western Provinces of the Presidency of Bengal, without the express sanction of the Government, is prohibited; and that any person engaging in the manufacture of such Salt, or preparing or causing to be prepared works for the manufacture of such Salt, without such sanction, and all Zemindars or other proprietors of land, or their Agents, conniving at such illicit manufacture, shall on conviction by the Magistrate, within the limits of whose District the offence may have occurred, be punished by a fine not exceeding 500 Rupees, and on non-payment of such fine, by imprisonment not exceeding six months with or without hard labor, and that all works at which such manufacture shall have been conducted, or which are designed for such manufacture shall be destroyed, and any Salt which may be manufactured or stored thereat, shall be seized and confiscated.

V. And it is further enacted, that it shall be lawful for the Collectors of Customs and the Collectors of Land Revenue within their jurisdictions, to destroy all works for the manufacture of Salt, and to seize the Salt stored thereat, and to apprehend the persons concerned in the manufacture thereof, and make them over for trial to the Magistrate within the limits of whose District the offence may have occurred.

VI. It is further enacted, that all Sugar imported into the said Provinces, and all Articles imported or exported without payment of the duties imposed by this Act, or in contravention of the orders which may be made and issued under the provisions thereof, and all Boats, Carriages and Conveyances, and all animals used in transporting the same, shall be liable to be seized and confiscated in the manner hereinafter mentioned.

VII. And it is further enacted, that all persons evading or attempting to evade the payment of the duties imposed by this Act, and all persons aiding or abetting such attempts or evasions, or in any manner acting in contravention of this Act, or of any order made and issued under the provisions thereof, and all Zemindars and other Proprietors of land, or their Agents, who shall wilfully connive at such attempts or evasions or aid such acts, shall on conviction by the Magistrate within the limits of whose District the offence may have occurred, be punished by a fine not exceeding 500 Rupees, and on non-payment thereof by imprisonment not exceeding six months with or without hard labor.

VIII. And it is further enacted, that it shall be lawful for all Officers of the Customs Department to search any carriages and conveyances, and any packages upon reasonable grounds of suspicion that such carriages, conveyances or packages, contain any articles made subject to duty, or prohibited to be imported by this Act, and to detain all such articles as may be liable to confiscation under the provisions thereof.

IX. And it is hereby enacted, that whenever any articles or goods shall be seized or detained under the provisions of this Act the Collector or Deputy Collector of Land Revenue or Customs, within whose jurisdiction such seizure or detention shall occur, shall, with all practicable expedition, report the case for the determination of the Commissioner of Revenue, and it shall be lawful for such Commissioner to declare such articles or goods to be confiscated, or to impose such lesser penalty in lieu thereof as to him may seem fit.

X. And it is hereby enacted, that it shall be lawful for all Officers in the Customs Department to apprehend any person upon reasonable grounds of suspicion that such person is liable to punishment under this Act, and to make him over for trial with all practicable expedition to the Magistrate within whose jurisdiction the offence may occur.

XI. Provided always, that any Officer of the Customs Department who shall without reasonable grounds of suspicion search any carriage or conveyance or any package, shall upon conviction thereof before the Magistrate within whose jurisdiction the offence may have been committed, be punished with fine not exceeding 250 Rupees, which fine shall be paid over to the party aggrieved, and on non-payment of such fine, with imprisonment not exceeding three months; and provided also, that any Officer of the Customs Department who shall under color of this Act apprehend any person without reasonable grounds of suspicion that such person is liable to punishment under this Act, shall upon conviction before the Magistrate within whose jurisdiction the offence may have been committed, be punished with fine not exceeding 500 Rupees, which fine shall be paid over to the party aggrieved, and on non-payment of such fine, with imprisonment not exceeding six months.

XII. And it is hereby enacted, that all Magistrates, or persons exercising the powers of Magistrate, shall be competent to receive and determine all charges against persons thus made over to them for trial on account of offences against this Act, and that all sentences passed in pursuance of this Act, shall be open to appeal under such Rules as may from time to time be laid down for the cognizance of appeals in ordinary cases.

XIII. And it is hereby enacted, that all Officers of Police, and all Officers of the Government engaged in the Collection of the Land Revenue, are empowered and required to aid and assist the Officers of the Customs Department in the execution of this Act.

XIV. And it is further enacted, that nothing in this Act contained shall apply or be deemed to apply to the Saugor and Nerbudda Territories, or to the District of Ajmere.

Offg. Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,

Act No. XV. of 1843.

An Act for the more extensive employment of Uncovenanted Agency in the Judicial Department.

Whereas the exigencies of the public service require that the Police and Criminal Branch of the Judicial Department should be strengthened by the more extensive employment of Uncovenanted Agency

I. It is hereby enacted, that it shall be competent to the Local Governments of both Divisions of the Bengal Presidency to appoint in any Zillah or District one or more Uncovenanted Deputy Magistrates with the powers hereinafter specified.

II. And it is hereby enacted, that every person appointed to the Office of Deputy Magistrate under this Act, shall, previously to entering upon the execution of the duties of his Office, make and subscribe before the Magistrate of the District to which he may be appointed, a declaration according to Act XXI. 1837.

III. ACT No. XVII. OF 1843.

An Act for the Appointment of Official Trustees in certain cases.

Whereas the property of Infants, Feme-Coverts and others vested in Trustees, is exposed to peculiar risks and burthens in the Territories, subject to the Government of the East India Company, not only from the Insolvency of Trustees, but from the frequent difficulties occasioned by their death or absence, or refusal, or incapacity to act :

I. It is hereby enacted, that in all cases in which any property is subject to any Trust, and there shall be no Trustee willing to act, or capable of acting within the jurisdiction of Her Majesty's Courts in the said Territories, it shall be lawful for the Supreme Court of each of the Presidencies in the said Territories, on petition to appoint the Registrar, or such other Officer of the Court, as the Court may from time to time select as the Official Trustee, under the provisions of this Act to be a Trustee of such Property, and that upon such appointment such Property shall vest in such Officer and his successors in office, and shall be held by them upon the same Trusts as the same was held previous to such appointment.

III. And it is hereby further enacted, that it shall be lawful for the Court to make any orders respecting such Property so vested in such Official Trustee or the Interest or Produce thereof, and that all such orders shall be made on petition unless the Court shall direct a Bill to be filed.

IV. And it is hereby provided, that nothing in this Act contained shall prevent the Re-transfer of the said Property to the Original or any subsequently appointed Trustees, or otherwise, as the Court shall direct.

V. And it is hereby further enacted, that where any Infant or Lunatic shall be entitled to any Gift, or Legacy, or Residue, or Share thereof, it shall be lawful for the Executor or Administrator, by whom such Legacy or Residue may be payable or transferrable, or the party by whom such Gift shall be made, or any Trustee thereof to pay or transfer the same to the Official Trustee appointed under this Act, and that the receipt of such Official Trustee shall be a discharge for the same, and that the same shall be subject to the like Provisions as are contained in this Act, as to other Property vested in such Official Trustee under the Provisions thereof.

Whereas the property of Infants, Feme-Coverts and others vested in Trustees, is exposed to peculiar risks and burthens in the Territories, subject to the Government of the East India Company, not only from the Insolvency of Trustees, but from the frequent difficulties occasioned by their death, or absence, or refusal, or incapacity to act :

I. It is hereby enacted, that in all cases in which any property is subject to any Trust, and there shall be no Trustee willing to act, or capable of acting within the jurisdiction of Her Majesty's Courts in the said Territories, it shall be lawful for the Supreme Court of each of the Presidencies in the said Territories, on petition to appoint the Registrar, or such other Officer of the Court, as the Court may from time to time select as the Official Trustee, under the provisions of this Act to be a Trustee of such Property, and that upon such appointment such Property shall vest in such Officer and his successors in office, and shall be held by them upon the same Trusts as the same was held previous to such appointment.

II. And it is hereby further enacted, that such Officer shall cause such Property to be invested in Government Securities or otherwise, as the Court shall direct, and that he shall be entitled to a Commission of one per cent. upon the amount thereof.

III. And it is hereby further enacted, that it shall be lawful for the Court to make any orders respecting such Property so vested in such Official Trustee or the Interest or Produce thereof, and that all such orders shall be made on petition unless the Court shall direct a Bill to be filed.

IV. And it is hereby provided, that nothing in this Act contained shall prevent the Re-transfer of the said Property to the Original or any subsequently appointed Trustees, or otherwise, as the Court shall direct.

V. And it is hereby further enacted, that where any Infant or Lunatic shall be entitled to any Gift, or Legacy, or Residue, or Share thereof, it shall be lawful for the Executor or Administrator, by whom such Legacy or Residue may be payable or transferrable, or the party by whom such Gift shall be made, or any Trustee thereof to pay or transfer the same to the Official Trustee appointed under this Act, and that the receipt of such Official Trustee shall be a discharge for the same, and that the same shall be subject to the like Provisions as are contained in this Act, as to other Property vested in such Official Trustee under the Provisions thereof.

VI. And it is hereby further enacted, that the Provisions of this Act, except as to the Commission to be allowed under the same, shall extend to any Property of Infants or Lunatics in the hands of the Ecclesiastical Registrar of each of the said Courts as Official Administrator.

ACT NO. —— OF 1843.

An Act for the better custody of persons, convicted of Thuggee and Dacoity.

Whereas it often happens that the offences of Thuggee and Dacoity are committed by gangs, as well within the Territories subject to the Government of the East India Company, as in those of Native Princes or States in alliance with the said Company, and it may be necessary for the safety of persons and property within the Territories subject to the Government of the East India Company, that persons convicted of the like offences within the Territories of such Princes or States, should be kept in secure custody, which cannot always be done within the last mentioned Territories :

It is hereby enacted, that it shall be lawful for the local Government of any part of the Territories, subject to the Government of the East India Company, to authorize the reception and detention in any part of those Territories, for the periods specified in their respective sentences of persons sentenced to imprisonment or transportation for the offences of Thuggee, Dacoity, or the offences of belonging to any gang of Thugs or Dacoits, within the Territories of any Native Prince or State, in alliance with the said Company. Provided always that such sentences shall have been pronounced after trial before a Tribunal, in which a Covenanted Servant of the East India Company, duly authorized in that behalf by such Prince or State, shall be one of the presiding Judges. And it is hereby enacted, that every Servant of the East India Company, so authorized as aforesaid, shall forward with every Prisoner a certificate of his conviction, and a copy of the proceedings held at the trial, that the same may be forthcoming for reference at the place where the sentence of imprisonment may be carried into effect.

Ordered, that the Draft now read be published for general information.

An Act for the better custody of persons, convicted of Thuggee and Dacoity.

Whereas it often happens that the offences of Thuggee and Dacoity are committed by gangs, as well within the Territories subject to the Government of the East India Company, as in those of Native Princes or States in alliance with the said Company, and it may be necessary for the safety of persons and property within the Territories subject to the Government of the East India Company, that persons convicted of the like offences within the Territories of such Princes or States, should be kept in secure custody, which cannot always be done within the last mentioned Territories:

It is hereby enacted, that it shall be lawful for the local Government of any part of the Territories, subject to the Government of the East India Company, to authorize the reception and detention in any part of those Territories, for the periods specified in their respective sentences of persons sentenced to imprisonment or transportation for the offences of Thuggee, Dacoity, or the offences of belonging to any gang of Thugs or Dacoits, within the Territories of any Native Prince or State, in alliance with the said Company. Provided always that such sentences shall have been pronounced after trial before a Tribunal, in which a Covenanted Servant of the East India Company, duly authorized in that behalf by such Prince or State, shall be one of the presiding Judges. And it is hereby enacted, that every Servant of the East India Company, so authorized as aforesaid, shall forward with every Prisoner a certificate of his conviction, and a copy of the proceedings held at the trial, that the same may be forthcoming for reference at the place where the sentence of imprisonment may be carried into effect.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 8th day of September next.

Offg. Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

THE 2D SEPTEMBER, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 2d September 1843.

ACT No. —— OF 1843.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. And it is hereby further enacted, that from and after the passing of this Act, sentence of death may be pronounced after convictions for Murder by any Judge of any of Her Majesty's Courts of Justice within the Territories subject to the Government of the East India Company in the same manner, and the Judge shall have the same power in all respects as after convictions for other capital offences.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 2d day of November next.

THE 2D SEPTEMBER, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 2d September, 1843.

ACT No. —— OF 1843.

An Act for the better prevention of the Crime of Dacoity.

Whereas it has been considered necessary to adopt more stringent measures for the conviction of professional Dacoits, who belong to certain Tribes, systematically employed in carrying on their lawless pursuits in different parts of the country, and for this purpose to extend the Provisions of Acts XXX. of 1836, XVIII. of 1837, and XVIII. of 1839, for the prevention of Thuggee, to persons concerned in the perpetration of Dacoity:

I. It is hereby enacted, that whosoever shall be proved to have belonged either before or after the passing of this Act to any gang of Dacoits, either within or without the Territories of the East India Company, shall be punished with transportation for life, or with imprisonment for any less term with hard labor.

II. And it is hereby enacted, that any person accused of the offence of Dacoity with or without murder, or of having belonged to a gang of Dacoits, or of the offence of unlawfully or knowingly receiving or buying property stolen or plundered by Dacoity, may be committed by any Magistrate within the Territories of the East India Company, and may be tried by any Court which would have been competent to try him if his offence had been committed within the Zillah where that Court sits.

III. And it is hereby enacted, that no Court shall, on trial of the offences specified in this Act, require any Futwa from any Law Officer.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 2d day of November next.

THE 2D SEPTEMBER, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 2d September 1843.

ACT NO. —— OF 1843.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. And it is hereby further enacted, that from and after the passing of this Act, sentence of death may be pronounced after convictions for Murder by any Judge of any of Her Majesty's Courts of Justice within the Territories subject to the Government of the East India Company in the same manner, and the Judge shall have the same power in all respects as after convictions for other capital offences.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 2d day of November next.

Tribes, systematically employed in carrying on their lawless pursuits in different parts of the country, and for this purpose to extend the Provisions of Acts XXX. of 1836, XVIII of 1837, and XVIII. of 1839, for the prevention of Thuggee, to persons concerned in the perpetration of Dacoity:

I. It is hereby enacted, that whosoever shall be proved to have belonged either before or after the passing of this Act to any gang of Dacoits, either within or without the Territories of the East India Company, shall be punished with transportation for life, or with imprisonment for any less term with hard labor.

II. And it is hereby enacted, that any person accused of the offence of Dacoity with or without murder, or of having belonged to a gang of Dacoits, or of the offence of unlawfully or knowingly receiving or buying property stolen or plundered by Dacoity, may be committed by any Magistrate within the Territories of the East India Company, and may be tried by any Court which would have been competent to try him if his offence had been committed within the Zillah where that Court sits.

III. And it is hereby enacted, that no Court shall, on trial of the offences specified in this Act, require any Futwa from any Law Officer.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 2d day of November next.

FORT WILLIAM, HOME DEPARTMENT, LEGISLATIVE,

THE 2D SEPTEMBER, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 2d September 1843.

ACT NO. —— OF 1843.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. And it is hereby further enacted, that from and after the passing of this Act, sentence of death may be pronounced after convictions for Murder by any Judge of any of Her Majesty's Courts of Justice within the Territories subject to the Government of the East India Company in the same manner, and the Judge shall have the same power in all respects as after convictions for other capital offences.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 2d day of November next.

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

The 2d September, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 2d September, 1843.

Act No. —— of 1843.

An Act for the better prevention of the Crime of Dacoity.

Whereas it has been considered necessary to adopt more stringent measures for the conviction of professional Dacoits, who belong to certain Tribes, systematically employed in carrying on their lawless pursuits in different parts of the country, and for this purpose to extend the Provisions of Acts XXX. of 1836, XVIII. of 1837, and XVIII. of 1839, for the prevention of Thuggee, to persons concerned in the perpetration of Dacoity:

I. It is hereby enacted, that whosoever shall be proved to have belonged either before or after the passing of this Act to any gang of Dacoits, either within or without the Territories of the East India Company, shall be punished with transportation for life, or with imprisonment for any less term with hard labor.

II. And it is hereby enacted, that any person accused of the offence of Dacoity with or without murder, or of having belonged to a gang of Dacoits, or of the offence of unlawfully or knowingly receiving or buying property stolen or plundered by Dacoity, may be committed by any Magistrate within the Territories of the East India Company, and may be tried by any Court which would have been competent to try him if his offence had been committed within the Zillah where that Court sits.

III. And it is hereby enacted, that no Court shall, on trial of the offences specified in this Act, require any Futwa from any Law Officer.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 2d day of November next.

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

The 9th September, 1843.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 9th September 1843, is hereby promulgated for general information.

Act No. XVIII. of 1843.

An Act for the better custody of persons, convicted of Thuggee and Dacoity.

Whereas it often happens that the offences of Thuggee and Dacoity are committed by gangs, as well within the Territories subject to the Government of the East India Company, as in those of Native Princes or States in alliance with the said Company, and it may be necessary for the safety of persons and property within the Territories subject to the Government of the East India Company, that persons convicted of the like offences within the Territories of such Princes or States, should be kept in secure custody, which cannot always be done within the last mentioned Territories :

It is hereby enacted, that it shall be lawful for the local Government of any part of the Territories subject to the Government of the East India Company, to authorize the reception and detention in any part of those Territories, for the periods specified in their respective sentences, of persons sentenced to imprisonment or transportation for the offences of Thuggee, Dacoity, or the offences of belonging to any gang of Thugs or Dacoits, within the Territories of any Native Prince or State in alliance with the said Company. Provided always that such sentences shall have been pronounced after trial before a Tribunal, in which a Covenanted Servant of the East India Company, duly authorized in that behalf by such Prince or State, shall be one of the presiding Judges. And it is hereby enacted, that every Servant of the East India Company so authorized as aforesaid, shall forward with every Prisoner a certificate of his conviction, and a copy of the proceedings held at the trial, that the same may be forthcoming for reference at the place where the sentence of imprisonment may be carried into effect.

ACT NO. —— OF 1843.

An Act for securing certain immunities and privileges to His Highness the Nabob of the Carnatic, His Family and Retinue.

Whereas questions have lately been raised as to the liability of persons of the Family Household and Retinue of His Highness the Nabob of the Carnatic to the process and jurisdiction of Courts of Justice, and it is deemed expedient that provision should be made for protecting by legislative enactment, under the qualifications hereinafter mentioned, certain individuals of the Family Household and Retinue of his said Highness from any such liability, and from claims and litigation to establish any such liability:

It is hereby enacted, that it shall be lawful for the Governor in Council of Fort Saint George to publish, from time to time, in the Gazette at Madras, lists containing the names of persons belonging to the Family Household or Retinue of His Highness the Nabob of the Carnatic, or of the Nabob Regent for the time being, who are to be entitled under this Act to privilege from Civil and Criminal process, and also from time to time to revise and alter such lists and publish in the Gazette as aforesaid new lists of the persons entitled for the time being to such privilege, and the list which shall have been last so published shall be the list which for the time being shall be in force and effect for the purpose of this Act.

II. And it is hereby enacted, that no Writ or Process shall at any time be sued forth or prosecuted against the person, goods or property of His Highness the Nabob of the Carnatic, or of the Nabob Regent for the time being, or of any person whose name shall be included in any list so published in the Gazette as aforesaid, and which for the time being shall be in force and effect for the purpose of this Act, unless such Writ or Process shall be so sued forth or prosecuted with the consent of the Governor in Council of Fort St. George first had and obtained, such consent to be testified by the signature of the Secretary, or one of the Secretaries of Government, and that any Writ or Process which shall at any time be sued forth or prosecuted against the person or goods or property of His said Highness, or of the Nabob Regent, or of any such person as aforesaid, without such consent as aforesaid, so testified as aforesaid, shall be utterly null and void.

III. And it is hereby enacted and directed, that the said Governor in Council of Fort St. George shall from time to time cause to be furnished to the Governor General of India in Council copies of any and every list which shall be so published as aforesaid, and shall conform to and follow any directions which he may from time to time receive from the Governor General of India in Council respecting the persons to be included in any such list from time to time, and otherwise with respect to the matters which are the subject of this Act. And also that the said Governor in Council of Fort St. George shall from time to time cause every list, which shall be published in the Gazette as aforesaid, to be also otherwise published in such manner as shall be deemed proper and sufficient for the purpose of making the same generally known.

IV. And it is hereby enacted and provided, that this Act shall not be construed or be held to be in any way declaratory or explanatory of the meaning or effect of any Treaty made or entered into with His Highness the Nabob of the Carnatic, and shall not be construed either to enlarge or restrict the operation of any such Treaty, and that independently of this Act His Highness the Nabob of the Carnatic and the Nabob Regent for the time being and their respective families, dependants, and retinue shall be entitled to claim, maintain and enjoy any privilege which by virtue of any such Treaty or otherwise they may be rightfully entitled to.

ACT No. —— OF 1843.

An Act for securing certain immunities and privileges to His Highness the Nabob of the Carnatic, His Family and Retinue.

Whereas questions have lately been raised as to the liability of persons of the Family Household and Retinue of His Highness the Nabob of the Carnatic to the process and jurisdiction of Courts of Justice, and it is deemed expedient that provision should be made for protecting by legislative enactment, under the qualifications hereinafter mentioned, certain individuals of the Family Household and Retinue of his said Highness from any such liability, and from claims and litigation to establish any such liability:

I. It is hereby enacted, that it shall be lawful for the Governor in Council of Fort Saint George to publish, from time to time, in the Gazette at Madras, lists containing the names of persons belonging to the Family Household or Retinue of His Highness the Nabob of the Carnatic, or of the Nabob Regent for the time being, who are to be entitled under this Act to privilege from Civil and Criminal process, and also from time to time to revise and alter such lists and publish in the Gazette as aforesaid new lists of the persons entitled for the time being to such privilege, and the list which shall have been last so published shall be the list which for the time being shall be in force and effect for the purpose of this Act.

II. And it is hereby enacted, that no Writ or Process shall at any time be sued forth or prosecuted against the person, goods or property of His Highness the Nabob of the Carnatic, or of the Nabob Regent for the time being, or of any person whose name shall be included in any list so published in the Gazette as aforesaid, and which for the time being shall be in force and effect for the purpose of this Act, unless such Writ or Process shall be so sued forth or prosecuted with the consent of the Governor in Council of Fort St. George first had and obtained, such consent to be testified by the signature of the Secretary, or one of the Secretaries of Government, and that any Writ or Process which shall at any time be sued forth or prosecuted against the person or goods or property of His said Highness, or of the Nabob Regent, or of any such person as aforesaid, without such consent as aforesaid, so testified as aforesaid, shall be utterly null and void.

III. And it is hereby enacted and directed, that the said Governor in Council of Fort St. George shall from time to time cause to be furnished to the Governor General of India in Council copies of any and every list which shall be so published as aforesaid, and shall conform to and follow any directions which he may from time to time receive from the Governor General of India in Council respecting the persons to be included in any such list from time to time, and otherwise with respect to the matters which are the subject of this Act. And also that the said Governor in Council of Fort St. George shall from time to time cause every list, which shall be published in the Gazette as aforesaid, to be also otherwise published in such manner as shall be deemed proper and sufficient for the purpose of making the same generally known.

IV. And it is hereby enacted and provided, that this Act shall not be construed or be held to be in any way declaratory or explanatory of the meaning or effect of any Treaty made or entered into with His Highness the Nabob of the Carnatic, and shall not be construed either to enlarge or restrict the operation of any such Treaty, and that independently of this Act His Highness the Nabob of the Carnatic and the Nabob Regent for the time being and their respective families, dependants, and retinue shall be entitled to claim, maintain and enjoy any privilege which by virtue of any such Treaty or otherwise they may be rightfully entitled to.

Ordered, that the Draft now read be published for general information.

The annexed Code of Bye-Laws approved by the Lieutenant Governor North Western Provinces, is published for general information:

By order of the Hon'ble the Lieutenant Governor North Western Provinces,

R. N. C. HAMILTON,
Secy. to the Govt. N. W. P.

BYE-LAWS.

I. A rate not exceeding five per cent. per annum on the annual rents of all houses in Mussoorie and its vicinity, payable in advance on the 1st October, commencing 1840, shall be levied for 1841, and for future years, for the purpose of repairing, widening, fencing and improving the roads of the Settlement, and for other purposes hereinafter specified; and the fund thereby raised, shall be under the management of a Committee, to be denominated the Committee of Roads, and Bye-Laws of Mussoorie and its vicinity.

II. The Committee to be composed of not less than five, or more than seven Members, with a Secretary, being Registered Proprietors of Houses. The Committee is empowered to nominate a Chairman and Treasurer from amongst their own number, and appoint their Secretary, such Secretary being a Registered House Proprietor and *not* a Member of the Committee. A majority of the Committee shall form a quorum, and when the suffrages are equal, the Chairman shall have a casting vote.

III. The Committee to be chosen by the votes of Registered Proprietors of Houses on the last Saturday in the month of May every year, at a meeting to be held at Mussoorie, and to be called by the Secretary of the Committee six weeks before, by advertisement in the Mofussil papers, for that purpose, and for the purpose of recording reports of past proceedings, passing accounts, and considering the measures most necessary to be undertaken by the new Committee.

IV. Any vacancy occurring in the Committee between the Annual General Meeting, which reduces the number below five, to be filled up by the votes of the remaining Members of the Committee.

V. Sould the Committee consider it necessary to lay any matter before the Proprietors, or should any four Registered Proprietors request a meeting, the meeting to be called by the Secretary, by letter sent to all the Resident Proprietors informing them of the object thereof.

VI. A Registered Proprietor is entitled to vote by proxy, but no voter to have at any meeting, in virtue of general proxy, the command of more than four votes, including his own.

VII. The proprietor of a house being registered paying the rate on rupees 400, to have one vote at all Meetings, and of a house or houses paying the rate on rupees 2,000, to have two votes, and on rupees 8,000 or more, three votes.

VIII. All houses from the Gorge above Rajpoor to Budraj inclusive, all houses on either side of the main roads in that direction, to be considered as in Mussoorie and its vicinity, and consequently liable to pay the rate; the neck of land generally known as the Grand Parade, and dividing Mussoorie from Landour, to be considered as the boundary to the north-east.

IX. The Committee to have the power of assessing houses, and should any Proprietor consider himself over-assessed, the subject to be referred, either personally or by letter, to the next General Meeting of Proprietors, whose decision shall be final: and an Agent or Tenant shall be empowered, on application from the Committee, to deduct from the rent due to a Proprietor any sum remaining due on account of the rate: and, upon the application of the Committee, through the Secretary, to any Magistrate or Justice of the Peace, such Magistrate, or Justice, shall be authorized to exercise the same power for levying the rate, which may be due from any defaulter as are specified in Act II. of 1839, inasmuch as that Act relates to the levy of such sum by distress, sale of the goods and chattels belonging to the person from whom the rate is due.

Newly Discovered Bank about Mid Channel of the Western Entrance into the North Preparis Channel.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A. M., on the morning of the 28th August last, Her Majesty's Ship *Thalia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35′ N. Longitude 93° 43′ E., corrected for Current, Algunda Reef bearing E. by N. 30 miles, and Preparis Island North Point S¼ W. 38½ miles—Captain Hope states, that he had very good sights for the Chronometers and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A. M., on the morning of the 28th August last, Her Majesty's Ship *Thalia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35′ N. Longitude 93° 43′ E., corrected for Current, Alguada Reef bearing E. by N. 30 miles, and Preparis Island North Point S¼ W. 38¼ miles—Captain Hope states, that he had very good sights for the Chronometers and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

Letters, &c. for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2*d.* each.

NOTICE.

The Fair Way Buoy out-side Amherst, painted with white and black rings, having broken adrift, it is hereby notified, that as the spot on which it was moored no longer needs a Buoy, it is not intended to replace it,—Ships therefore in making the Port will run for the Reef Buoy, (which is painted black) keeping it to bear from E. N. B. No Ships in approaching the Reef Buoy after coming within a mile of it, should bring it to bear to the Northward of E. N. E., there being a dangerous patch of Rocks within a few cables length of it bearing f. S. W. to S. W. B S.

NOTICE.

Newly Discovered Bank about Mid Channel of the Western Entrance into the North Preparis Channel.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A. M., on the morning of the 28th August last, Her Majesty's Ship *Thalia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35′ N. Longitude 93° 43′ E., corrected for Current, Alguada Reef bearing E. by N. 30 miles, and Preparis Island North Point S¼ W. 38½ miles—Captain Hope states, that he had very good sights for the Chronometers and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

FORT WILLIAM,

THE 23D OCTOBER, 1843.

The Hon'ble the Deputy Governor of Bengal directs that the copy of a Despatch from the Hon'ble the Court of Directors in the Public Department, dated the 30th August, No 17 of 1843, be published for general information of the Members of the Civil Service.

Despatch dated the 12th October 1842, *No.* 31.

Submitting question as to construction of the Absentee Regulations in case of a Civil Servant who has visited Europe on Sick Certificate before he is qualified by residence in India for a Furlough coming again to Europe after being so qualified.

It was not our intention to depart from the Regulations regarding the Absentee Allowance to such of the Members of our Civil Service as are compelled by sickness to visit Europe. The advantages enjoyed by them in having an early furlough upon an allowance secured to them free of charge for passage home, and a second Furlough upon an allowance should their health require it, preclude the grant of further benefits to that Class.

FORT WILLIAM, 3*d November*, 1843.

No. 239 of 1843.—The following paras. of a Military Letter from the Hon'ble the Court of Directors, to the Governor General of India in Council, No. 10, of the 5th July 1843, and annexment, relative to the collection and distribution of the Effects of Officers and Soldiers in Her Majesty's Service, or in the Service of the East India Company, dying in the East Indies, are published for the information of the Army; and the Governor General in Council is pleased to direct, that the opinion therein communicated, of the Law Officers of the Crown and the Company, upon the Statute of the 6th Geo. 4th Cap. 61, and also upon the Act of 3d and 4th Vict. Cap. 37, Sec. 52, be at once given effect to, and acted upon at all the Presidencies:

"Para. 1. We have lately received through the Board of Commissioners for Indian Affairs a representation from Her Majesty's Secretary at War, complaining of the obstruction which still exists in India to the collection by Regimental Officers of the Effects which may be left by Soldiers dying in that Country.

"2. In our Military Letter to Madras, dated 29th July 1842, No. 44, (copy of which was forwarded to your Presidency,) we observed that by the Act of the 6th Geo. 4th Cap. 61, Sect. 1, it is rendered lawful for all Officers or persons who may be employed or required by or under the Authority of any Articles of War in force to take care of or collect the Effects of Officers and Soldiers dying on Service out of the United Kingdom, without taking out any Letters of Administration in like manner as if such Officers had been appointed Executors or had taken out Administration, and by the Article of War founded upon it, vizt. Sec. 129, the Officers who are required to collect the Effects of Soldiers deceased are authorized to collect *all* these Effects without any limitation being specified as to the place where they may be deposited, and are required after payment of Regimental Debts and Quarters to pay the balance, if any, to the Regimental Pay Master, such balance to be by him paid to the heir or legal representative, if present at Head Quarters, or if not, to be remitted to the Regimental Agent for payment to the legal representatives under the direction of the Secretary at War.

" With this explanation, no difficulty can occur hereafter in the payment by any of our Officers to the party authorized by the Act and Articles of War, as above specified, to collect the same, of any sum or sums, or securities, which may be in their hands, or under their control, belonging to the Estates of Soldiers deceased. The responsibility of requiring Probate or Administration to the Estate to be taken out by the persons to whom the surplus is to be paid, resting, altogether, as it appears to us, with the party authorized by the Act and Articles of War to collect the property.

"3. Notwithstanding these directions, objections have been made at all the Presidencies to paying over certain portions of the Estates of Soldiers to the Regimental Officers entitled to collect them, founded in some instances upon legal opinions obtained in India of the inadequacy of the above Act to authorize such payment. In consequence of recent representations on this subject, received from Madras and Bombay, We have lately obtained the opinion of H. M.'s Advocate, of the Attorney and Solicitor General, and of the Company's Standing Counsel, upon the interpretation to be put upon the above Statute of the 6th Geo 4 Cap. 61 and also upon the Act of 3rd and 4th Victoria Cap. 37 Sec. 52. The opinion of these learned persons determines that Officers entitled to collect Soldiers' Effects are authorized by these Acts to take possession of all the personal property of every description of deceased Soldiers, without reference to its amount or value, or to its being invested in Notes or other Securities, or to its being in Camp or Quarters elsewhere."

"DRAPER'S HALL,
23*d May*, 1843.

J. C. MELVILL, ESQ.,

SIR,

In obedience to the directions of the Hon'ble the chairman and Deputy Chairman which I received through you on the 22d ultimo, transmitting a copy of Mr. Baring's letter of the preceding day which forwarded the copy of a letter from H. M.'s Secretary at War, dated the 11th ultimo, with its enclosures, from the Marquis of Tweeddale relative to the difficulties which are still alleged to exist in the collection of the Effects of H. M. Officers and Soldiers dying in India, I lost no time in laying the necessary case before Her Majesty's Advocate, the Attorney and Solicitor General and the Company's Standing Counsel for their opinion, as well upon the points directly raised in the papers transmitted from the War Office as upon those of the same class which appeared to arise out of the various communications received last month from Madras and Bombay in reference to the construction to be put on the Mutiny Acts and Articles of War as to the Administration of the Effects of Officers and Soldiers both in Her Majesty's and the Company's Service dying in India.

The questions which thus arose appeared to be the following, viz.,

1st. Whether the Officers respectively appointed under the 128th and 129th Articles of War for Her Majesty's Forces and under 110th and 111th Articles of War for the East India Company's Forces to collect the Effects of the Officers and Soldiers therein respectively described are respectively entitled to demand and (without taking out Letters of Administration) to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere, and whether in this latter respect there is any difference between the case of a deceased Officer and that of a deceased Soldier.

2d. Whether in the event of part of such property of a deceased Officer or Soldier consisting of a Promissory Note or other transferrable Security of the East India Company, or of one of their Governments expressed to be payable to the deceased being at the time of his death in the hands of the Government Agents for his use, such Government Agent can lawfully and safely deliver over and are bound upon demand to deliver over such Promissory Note to the Officer so appointed under the Articles of War, and whether the amount of such Note or other Security makes any difference in the case.

3d. Whether such Officer can by indorsement or otherwise as effectually transfer or give a discharge for the amount secured by such Note, as if he had been appointed Executor or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note. And whether in the event of the East India Company paying the amount of the Note to such Officer when so endorsed, they are in any way responsible for the due appropriation or distribution by the latter of the amount which they shall have so paid.

4th. Whether the Officer so collecting the Effects of a deceased Officer or Soldier under the respective Articles of War referred to, or whether the Military Secretary, or any other Officer at either of the Presidencies in the East Indies is authorized under any circumstances to require the Registrar of the Supreme Court of such Presidency to take out Letters of Administration there in respect of the surplus which may remain in the hands of the collecting Officer, and whether such Registrar is in any case lawfully entitled to take out Letters of Administration in respect of such surplus.

In reply to these questions the Law Officers of the Crown and the Company have given the following opinion.

1st. We think there is a difference between the case of a deceased Commissioned Officer and the case of a deceased Non-Commissioned Officer or Private Soldier.

With respect to a deceased Commissioned Officer there appears to be no substantial question, since the Articles of War applicable to the case of Commissioned Officers only authorize the collection of *Effects* in *Camp or Quarters.*

With respect to the case of a Non-Commissioned Officer or private Soldier, we are of opinion that both in the case of Her Majesty's Forces and in the case of the East India Company's Forces, the Officers appointed to collect the Effects of the deceased Soldier are entitled to demand, and without taking out Letters of Administration to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere. We consider that the Officers who by the 129th Article of War for Her Majesty's Forces and by the 111th Article of War for the Company's Forces, are directed to act in the matter come within the first Section of the Statute 6th Geo. 4th C. 61, and are clearly enabled by that Statute to ask, demand and receive any of the deceased's "*Effects*," an expression which we think reaches and includes any of his personal Estate.

2d. Our opinion on the first question supersedes this question as respects the case of an Officer.

In the case of a Soldier not being a Commissioned Officer, we are of opinion that the Government Agents may lawfully and safely deliver over, and are bound upon demand to deliver over a Promissory Note of the kind described to the Officer appointed under the Articles of War, and that the amount of the Note or other Security makes no difference in the case. This answer however should be qualified by noticing that, if there were a legal personal representative demanding the Note, we think the Government Agents would be warranted in delivering the Promissory Note to such legal personal Representative in preference to the Officer.

3d. We are of opinion that the Officer may by indorsement or otherwise as effectually give a discharge for the amount secured by the Note as if he had been appointed Executor or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note. We are also of opinion that the East India Company paying the amount of the Note to the Officer, when indorsed, are not responsible for the due application by the latter of the amount which they shall have so paid.

We do not understand that under this third question any opinion is required from us as to the right to indorse the Note for the purpose of negociation generally as distinguished from an indorsement for the purpose of obtaining payment of it. It would not however appear to us that there would be any difference between the two cases.

4th. Upon this point, (viz. the interference of the Registrar,) there appears to be a difference between the case of an Officer or Soldier in the Service of Her Majesty and Officer or Soldier in the Company's Service.

With respect to the case of an Officer or Soldier in the Service of Her Majesty, we are of opinion that the Officer acting in respect of the deceased's Effects may require the Registrar to take out Letters of Administration in respect of the Surplus in question, and that upon such requisition, and not otherwise, the Registrar is lawfully entitled to take out such Letters of Administration. This is the effect of the Act 6th, Geo. 4th, C. 61, Sec 1.

With regard to the case of an Officer or Soldier in the Company's Service, we are of opinion that under the Statute 3d and 4th Vict. C. 37, Sec. 52, the Registrar cannot in any case be required, and is not in any case entitled to take out Letters of Administration in respect of the Surplus in question. He may however, if required and authorized so to do, but not otherwise, take out Administration and interpose in respect of the Estate before it is collected.

MARINE.

The following Notice by the Marine Board at Madras is published for general information.

By order of the Governor General in Council,

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72″, the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W., or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 28th October 1843, is hereby promulgated for general information.

Act No. XIX. of 1843.

An Act for amending the Law respecting the Registration of certain Deeds.

Whereas doubts have arisen as to the true meaning and construction of Act No. I of 1843:

I. It is hereby enacted, that the said Act is repealed, except in so far as it repeals all provisions contained in any Regulation or Regulations of the Bengal, Madras, or Bombay Codes, touching the knowledge or notice had by parties to registered conveyances and other instruments affecting titles to land and other interests therein, of the existence of unregistered conveyances or other instruments affecting such titles or other interests therein.

II. And it is hereby enacted, that from the First day of May last past, every deed of sale or gift of lands, houses or other real property, a memorial of which has been or shall be duly registered according to law, shall, provided its authenticity be established to the satisfaction of the Court, invalidate any other deed of sale or gift for the same property which may not have been registered, and whether such second or other deed shall have been executed prior or subsequent to the registered deed—and that from the said day every deed of mortgage on land, houses and other real property as well as certificates of the discharge of such incumbrances, a memorial of which has been or shall be duly registered according to law, and provided its authenticity be established to the satisfaction of the Court, shall be satisfied in preference to any other mortgage on the same property which may not have been registered, and whether such second or other mortgage shall have been executed prior or subsequent to the registered mortgage, any knowledge or notice of any such unregistered deed or certificate alleged to be had by any party to such registered deed or certificate notwithstanding. Provided always that nothing in this Section contained shall be construed to extend to any deed or certificate made before the said First day of May last past.

III. And it is hereby declared and enacted, that no conveyance or other instrument affecting title to land, or any interest in the same whether made before or after the said First day of May last past, other than such deeds or certificates as aforesaid, are or shall be in any respect void for want of registration any Act, Regulation or Law to the contrary notwithstanding.

LEGISLATIVE.

The 28th October, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 28th October 1843:

Act No. —— of 1843.

Whereas it has been represented that the demands of the Island of Mauritius for Agricultural labor will by the end of this year be greatly diminished, and it is desirable that effectual measures should be adopted for providing a larger proportion of Female Emigrants to that Island than has been procured under the present system of Emigration, it is therefore enacted, that from and after the 1st day of January next ensuing, Emigration to Mauritius shall only lawfully take place under the provisions of the Act No. 15 of 1842, from the Port of Calcutta, and that no Emigrant shall be permitted to embark for Mauritius without a certificate from an Agent specially appointed by the Government of Mauritius to the effect that such person has been engaged by him as an Emigrant to that Island on the part of the said Government.

Ordered, that the Draft now read be published for general information.

. ACT No. XXI. OF 1843.

An Act for regulating the Emigration of Labourers from India to Mauritius.

I. Whereas it has been represented that the demands of the Island of Mauritius for Agricultural labor will by the end of this year be greatly diminished, and it is desirable that effectual measures should be adopted for providing a larger proportion of Female Emigrants to that Island than has been procured under the present system of Emigration, it is therefore enacted, that from and after the 1st day of January next ensuing, Emigration to Mauritius shall only lawfully take place under the provisions of the Act No. 15 of 1842 from the Port of Calcutta.

II. And it is hereby enacted, that it shall be competent to the Governor General in Council to nominate a proper person to act as Protector of Emigrants at Calcutta, and that no Emigrant shall be permitted to embark without a Certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by him as an Emigrant to that Island on the part of the said Government.

The following Notice by the Marine Board at Madras is published for general information.

By order of the Governor General in Council,

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is

Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72″, the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W., —unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W., or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th November 1843, is hereby promulgated for general information :

ACT No. XXI. OF 1843.

An Act for regulating the Emigration of Labourers from India to Mauritius.

I. Whereas it has been represented that the demands of the Island of Mauritius for Agricultural labor will by the end of this year be greatly diminished, and it is desirable that effectual measures should be adopted for providing a larger proportion of Female Emigrants to that Island than has been procured under the present system of Emigration, it is therefore enacted, that from and after the 1st day of January next ensuing, Emigration to Mauritius shall only lawfully take place under the provisions of the Act No. 15 of 1842 from the Port of Calcutta.

II. And it is hereby enacted, that it shall be competent to the Governor General in Council to nominate a proper person to act as Protector of Emigrants at Calcutta, and that no Emigrant shall be permitted to embark without a Certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by him as an Emigrant to that Island on the part of the said Government.

The following Notice by the Marine Board at Madras is published for general information.

By order of the Governor General in Council,

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9*th October*, 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the " Flashing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0" to 48", and that of the Eclipses from 0" to 72", the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W., —unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W., or from S. W. b. W. to W. ¾ N.

The New Light House

At Madras is in Latitude 13° 5′ 10″ North,

And in.........Longitude 80° 20′ East of Greenwich.

ACT No. —— OF 1843.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony:

It is hereby enacted, that within the local jurisdiction of Her Majesty's Courts, no person offered as a witness shall hereafter be excluded by reason of incapacity from crime or interest from giving evidence, either in person or by deposition, according to the practice of the Court on the trial of any issue joined, or of any matter or question, or on any enquiry arising in any suit, action or proceeding, Civil or Criminal, in any of Her Majesty's Courts, or before any Judge, Jury, Sheriff, Coroner, Magistrate, Officer or person having by Law or by consent of parties, authority within the jurisdiction of Her Majesty's Courts to hear, receive and examine evidence, but that every person so offered may and shall be admitted to give evidence on oath or solemn affirmation, in those cases wherein affirmation is by Law receivable, notwithstanding that such person may or shall have an interest in the matter in question, or in the event of the trial of any issue, matter, question or enquiry, or of the suit, action, or proceeding in which he is offered as a witness, and notwithstanding that such person offered as a witness may have been previously convicted of any crime or offence: Provided, that this Act shall not render competent any party to any suit, action, or proceeding individually named in the record, or any lessor of the plaintiff or tenant of premises sought to be recovered in ejectment, or the Landlord or other person in whose right any defendant in replevin may make cognizance, or any person in whose immediate and individual behalf any action may be brought or defended, either wholly or in part, or the husband or wife of such persons respectively; Provided also, that this Act shall not repeal any provision in the Act of the Government of India XXV. of 1838. Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

II. And it is hereby enacted, that nothing in this Act shall apply to, or affect any suit, action, or proceeding, brought or commenced before the passing of this Act.

FORT WILLIAM, CIVIL AUDITOR'S OFFICE,

The 23d November, 1843.

NOTICE.

PARTIES availing themselves of leave of absence granted under the Rules in force, are required, when submitting separate Pay Bills for audit, as is occasionally done, to forward all their Certificates, stating distinctly the dates of quitting and resuming their respective Offices, or if their Pay and Allowances are incorporated in the General Abstracts of the Office, the Officer in charge will be careful to do so. At present, for want of a rule of practice on this head, the Civil Auditor is too frequently left to gather the facts incidentally, and much delay and tedious references are thereby entailed before the Bills can be properly checked.

DRAFT OF ORDINANCE.

WHEREAS the Immigration of Indian laborers has now reached a stage at which it appears expedient provisionally to modify, in some respects, the amount of the premium granted for the passage of the said laborers from India to this colony, and thereby to prevent the excess of such Immigration and the prejudicial consequences that would ensue therefrom, until, in concurrence with the Government of India, measures shall have been adopted for establishing a constant and regular system of Immigration, commensurate with the future wants of the colony and the interests of the Immigrants,

His Excellency the Governor in Council has ordered and does hereby order :

Art. 1.—The premium of Seven Pounds Sterling allowed by Ordinance No. 3, of the present year for the passage of each Indian laborer legally conveyed to this colony is and shall be reduced to Four Pounds Sterling for each Indian laborer, (women excepted) who after the 31st. December of the present year, shall have quitted the territory of India for Mauritius, and with the exception moreover of all adult male Indian laborers who, after the above mentioned date, may come to this colony in virtue of a special authority from the Governor thereof.

ACT NO. —— OF 1843.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony:

It is hereby enacted, that within the local jurisdiction of Her Majesty's Courts, no person offered as a witness shall hereafter be excluded by reason of incapacity from crime or interest from giving evidence, either in person or by deposition, according to the practice of the Court on the trial of any issue joined, or of any matter or question, or on any enquiry arising in any suit, action or proceeding, Civil or Criminal, in any of Her Majesty's Courts, or before any Judge, Jury, Sheriff, Coroner, Magistrate, Officer or person having by Law or by consent of parties, authority within the jurisdiction of Her Majesty's Courts to hear, receive and examine evidence, but that every person so offered may and shall be admitted to give evidence on oath or solemn affirmation, in those cases wherein affirmation is by Law receivable, notwithstanding that such person may or shall have an interest in the matter in question, or in the event of the trial of any issue, matter, question or enquiry, or of the suit, action, or proceeding in which he is offered as a witness, and notwithstanding that such person offered as a witness may have been previously convicted of any crime or offence: Provided, that this Act shall not render competent any party to any suit, action, or proceeding individually named in the record, or any lessor of the plaintiff or tenant of premises sought to be recovered in ejectment, or the Landlord or other person in whose right any defendant in replevin may make cognizance, or any person in whose immediate and individual behalf any action may be brought or defended, either wholly or in part, or the husband or wife of such persons respectively; Provided also, that this Act shall not repeal any provision in the Act of the Government of India XXV. of 1838. Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

II. And it is hereby enacted, that nothing in this Act shall apply to, or affect any suit, action, or proceeding, brought or commenced before the passing of this Act.

Ordered, that the Draft now read be published for general information.

NOTICE.

PARTIES availing themselves of leave of absence granted under the Rules in force, are required, when submitting separate Pay Bills for audit, as is occasionally done, to forward all their Certificates, stating distinctly the dates of quitting and resuming their respective Offices, or if their Pay and Allowances are incorporated in the General Abstracts of the Office, the Officer in charge will be careful to do so. At present, for want of a rule of practice on this head, the Civil Auditor is too frequently left to gather the facts incidentally, and much delay and tedious references are thereby entailed before the Bills can be properly checked.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,

Secretary.

Fort William, the 28th Novr. 1843.

"NOTICE."

MARINE BOARD OFFICE,

Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ¼ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House

At Madras is in Latitude 13° 5′ 10″ North,

And in.........Longitude 80° 20′ East of Greenwich.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony:

Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

FORT WILLIAM,
CIVIL AUDITOR'S OFFICE,

The 23d November, 1843.

NOTICE.

PARTIES availing themselves of leave of absence granted under the Rules in force, are required, when submitting separate Pay Bills for audit, as is occasionally done, to forward all their Certificates, stating distinctly the dates of quitting and resuming their respective Offices, or if their Pay and Allowances are incorporated in the General Abstracts of the Office, the Officer in charge will be careful to do so. At present, for want of a rule of practice on this head, the Civil Auditor is too frequently left to gather the facts incidentally, and much delay and tedious references are thereby entailed before the Bills can be properly checked.

W. H. BELLI,
Offg. Civil Auditor.

IMMIGRATION.

His Excellency the Governor directs the following Draft of an Ordinance for reducing the bounty on male Immigrants who may leave India after the end of the present year, to be published for general information.

Observations thereon may be addressed to the Secretary to the Council until Saturday, the 11th November next.

Colonial Secretary's Office, 27th October 1843.

GEO. F. DICK,
Colonial Secretary.

DRAFT OF ORDINANCE.

Whereas the Immigration of Indian laborers has now reached a stage at which it appears expedient provisionally to modify, in some respects, the amount of the premium granted for the passage of the said laborers from India to this colony, and thereby to prevent the excess of such Immigration and the prejudicial consequences that would ensue therefrom, until, in concurrence with the Government of India, measures shall have been adopted for establishing a constant and regular system of Immigration, commensurate with the future wants of the colony and the interests of the Immigrants,

His Excellency the Governor in Council has ordered and does hereby order :

Art. 1.—The premium of Seven Pounds Sterling allowed by Ordinance No. 3, of the present year for the passage of each Indian laborer legally conveyed to this colony is and shall be reduced to Four Pounds Sterling for each Indian laborer, (women excepted) who after the 31st December of the present year, shall have quitted the territory of India for Mauritius, and with the exception moreover of all adult male Indian laborers who, after the above mentioned date, may come to this colony in virtue of a special authority from the Governor thereof.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

Fort William, the 28th Novr. 1843.

" NOTICE."

Marine Board Office,
Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the " Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in........Longitude 80° 20′ East of Greenwich.

Published by order of the Marine Board at Fort St. George,

J. R. BOYSON,
Acting Secretary.

The following Notice touching the exhibition of a Light from the New Light House at Madras is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,

Secretary.

Fort William, the 28th Novr. 1843.

“ NOTICE.”

MARINE BOARD OFFICE,

Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the “ Flashing Description,” and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48′, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

12th —The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency Opium to the extent of Fifty Lots, and for the Lots so purchased, the Purchaser shall Deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always that there remain a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13th —In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the Jurisdiction of the said Supreme Court shall be waived.

14th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1.—Certificate of the Opium now advertised for Sale.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1842-43, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—The Public are hereby informed, that *in addition to the quantity abovementioned*, the following quantities more or less of Behar and Benares Opium will be brought to Sale this year on or about the date specified below.

	Behar about Chests.	Benares about Chests.	Total about Chests.
On or about February 12th,	1,500	700	2,200
On or about April 15th, ...	3,000	1,300	4,300
On or about May 20th, ...	1,500	700	2,200
On or about June 24th	2,544	1,106	3.650
	8,544	3,806	12,350

18th —It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France dated the 7th March 1815, quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale, at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales, to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,352 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale, at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

ARTICLE 6th —" With regard
" to the Trade in Opium it is
" agreed between the High Con-
" trracting Parties that at each of the periodical Sales of
" that Article there shall be reserved for the French Go-
" vernment and delivered upon requisition duly made by
" the Agents of His Most Christian Majesty, or by the
" persons duly appointed by them, the number of Chests
" so applied for, provided that such supply shall not ex-
" ceed three hundred Chests in each year, and the price
" for the same shall be determined by the average rate at
" which Opium shall have been sold at every such periodi-
" cal Sale, it being understood that, if the quantity of
" Opium applied for at any one time shall not be taken on
" account of the French Government, by the Agents of
" His Most Christian Majesty, within the usual period of
" delivery, the quantity so applied for, shall nevertheless
" be considered as so much in reduction of the three hun-
" dred Chests herein before mentioned, the requisitions for
" Opium, as aforesaid, are to be addressed to the Gover-
" nor General at Calcutta, within thirty days after notice
" of the intended Sales shall have been published in the
" Government Gazette."

By Order of the Board of Customs, Salt and Opium,

H. TORRENS, *Secretary.*

NOTICE

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

Fort William, the 28th Novr. 1843.

" NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the " Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

Acting Secretary.

No. 1461.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

Fort William, the 28th Novr. 1843.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

Published by order of the Marine Board at Fort St. George,

J. R. BOYSON,
Acting Secretary

NOTICE.—The Public are hereby informed, that Excavations, surrounded with fences, and having lights at night, are in progress in the undermentioned Thoroughfares in the Town of Calcutta.

Calcutta Gate Road, at the junction of Esplanade Row, West, Syphon Tunnel to be repaired.

ROBT. J. ROSE,
Supt of Roads and Conservancy.

NOTICE is hereby given, that from and after the 15th Instant, Treasury Receipts tendered in payment for Salt shall not be taken at the Board's Office after 3 P. M.

By order of the Board of Customs, Salt and Opium,

H. TORRENS,
Secretary.

The 4th December, 1843.

NOTIFICATION.

FORT WILLIAM, OPIUM DEPARTMENT,

THE 14TH OCTOBER, 1843.

NOTICE is hereby given, that on Monday, the 8th day of January, 1844, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1842-43, subject to the following Conditions; viz.

Produce of Behar Agency,	....	Chests	4,000
Ditto of Benares ditto,	....	,,	2,000
		Total Chests	6,000

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d.—If at the above Sale the entire quantity of 6,000 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 12th January 1844, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 12th January 1844, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 12th January, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within one Calendar month from the day of Sale, that is to say, no Treasury Receipts will be accepted in payment after 4 P. M. of Thursday, the 8th February 1844, and in case any Lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit of 1,000 Rupees per Lot or 200 Rupees per Chest, or any Public Securities that may have been deposited on account of such Lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

Fort William, the 28th Novr. 1843.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

Acting Secretary.

Article of the Convention above referred to.

ARTICLE 6th.—"With regard to the Trade in Opium it is agreed between the High Contracting Parties that at each of the periodical Sales of that Article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government, by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the three hundred Chests herein before mentioned, the requisitions for Opium, as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

STEAM COMMUNICATION.

PROCEEDINGS of a Public Meeting of the Inhabitants of the Town of Calcutta and of its Neighbourhood, duly convened and held in the Town Hall, on the Eleventh day of December, One Thousand Eight Hundred and Forty-three.

ADAM FREER SMITH, Esq., Sheriff,

In the Chair.

1st It was proposed by W P Grant, Esq., and seconded by Rustomjee Cowasjee, Esq., and carried unanimously.—Resolved, that the Memorials now read, addressed respectively to the Right Hon'ble the Lords Commissioners of Her Majesty's Treasury, the Right Hon'ble the President of the Board of Control, and the Hon'ble the Court of Directors of the East India Company be adopted, and that the number of requisitionists by whom the present Meeting is called, amounting to nearly fourteen hundred, is so large as to preclude the possibility of obtaining their signatures to these Memorials far less those of the many others who would be desirous of signing them in time for their despatch by the next Mail, and that therefore the Sheriff be requested to sign them on behalf of this Meeting.

TO THE HONORABLE THE COURT OF DIRECTORS OF THE EAST INDIA COMPANY.

The Memorial of the Inhabitants of the Town of Calcutta and of its Neighbourhood, in Town Hall duly convened and assembled on the Eleventh day of December, One Thousand Eight Hundred and Forty-three.

Sheweth,—That your Memorialist have learnt that the Directors of the Peninsular and Oriental Steam Navigation Company have submitted to Her Majesty's Government, and the Directors of the Hon'ble East India Company, a proposal to undertake the monthly transmission of the Mails between Bombay and Suez

That for the execution of this proposed service, combined with their other arrangements in the Indian seas, the Directors have stated that the Peninsular and Oriental Company are provided with two Steam ships the *Hindostan* and *Bentinck*; that they have at their disposal a new, large, and powerful Steamer, capable of being completed for sea in three months; and that, though these three vessels are amply sufficient for the performance, under ordinary circumstances, of the whole services contemplated, the Company propose to provide a fourth vessel as a reserve to meet contingencies.

That, had it been announced merely that the expediency of contracting with the Peninsular and Oriental Company for the transmission of the Mails between Bombay and Suez, with a view to their acceleration and without interfering with the direct communication by means of Steam Vessels between Calcutta and Suez was under the consideration of Her Majesty's Government and the Directors of the Hon'ble East India Company, your Memorialists would have thought it unnecessary to address your Hon'ble Court on the matter; but as the only means by which this acceleration of the Bombay Mails is proposed to be brought about, are avowedly to be supplied by diverting Steam Vessels devoted to maintaining direct communication monthly between Calcutta and Suez, in which your Memorialists are deeply interested, they feel it necessary to protest most strongly against the injustice attempted to be done to them, and to press upon your Hon'ble Court the public importance of the interests thus threatened, which interests embrace nearly half the correspondence between Great Britain and the East, and about three-fourths of their commercial relations.

That the proposed plan for the acceleration of the Indian Mails is confined to their transit to and from Bombay, and that it is not attempted to be shewn that greater expedition will be gained for the Mails to and from Ceylon, Madras and Calcutta, by carrying them viâ Bombay than can be achieved by the direct line between Suez and Calcutta; and your Memorialists confidently submit that if the Mail is delivered at Suez thirteen days after its despatch from England as volunteered, under a penalty, by the Peninsular and Oriental Company, it will be brought on to its several destinations more rapidly by observing such direct line than if it be carried in the first instance to Bombay, and this, whether it be forwarded from that Presidency by Steamers, or across the country.

That in urging this upon the attention of your Hon'ble Court, your Memorialists would be understood as meaning by "the Mail" a full and complete delivery, and not a partial dispatch, which as a permanent arrangement they regard as most objectionable; and your Memorialists would respectfully submit to your Hon'ble Court that the question of acceleration of the Mails is not fairly considered unless it embrace this completeness of delivery.

That by continuing the *Hindostan* and *Bentinck* Steamers on the direct line between Calcutta and Suez, with such other boat or boats as may be deemed necessary to preserve the monthly communication uninterrupted, the entire Mail to and from this Presidency can be carried from port to port in 25 days, as has been proved by the three voyages of the *Hindostan*, which vessel has performed the entire distance in 20 days and 5 hours under steam.

That this would make the whole time between despatch and delivery 38 days, and your Memorialists strongly urge upon your Hon'ble Court that this would allow seven days between the arrival of one Mail and the dispatch of another, for answering letters, &c, and thus render practicable four perfect interchanges of correspondence in the year between Europe and this side of India, which they confidently submit cannot be accomplished if the Mails for Ceylon, Madras and Calcutta are forwarded to their respective destinations via Bombay.

That the Peninsular and Oriental Company's contract time (as proposed) to Bombay is 28 days, and your Memorialists say the Europe Mail has never been fully delivered at Calcutta in 10 days after its arrival at Bombay, and that it cannot be delivered in such time unless under more extensive inland improvements than can be carried out for a lengthened period.

That the Mails could not be brought on by a Steamer from Bombay and Calcutta in ten days with two intermediate ports of detention, and that therefore the entire Mails for Ceylon, Madras and Calcutta cannot be delivered so expeditiously via Bombay, either by land or sea, as by the direct route at present occupied by the *Hindostan* and *Bentinck*

That in proof of the accuracy of your Memorialists' statement as to the great time required for the transit of the Mail overland via Bombay, they may mention that during the last eleven months the average time taken by the Express from Bombay to Calcutta has been upwards of 8 days and 14 hours, and by the first portion of the general Mail upwards of 10 days and 6 hours, and this independent of the time elapsing between the arrival of the Steamer at Bombay and the several dispatches from the Post Office, while the time from the arrival of the Express to that of the last portion of the Mail has ranged between 5 and 8 days.

That as a further proof of their assertion your Memorialists state, that the only Mail which has yet been brought to Calcutta by the direct route was the Falmouth portion of the September Mail which was delivered in Calcutta by the *Hindostan* 18 days after she left Aden, while the Marseilles portion of that Mail which was carried to Bombay arrived in Calcutta in six several parcels, the last of which was not delivered until 16 days after the arrival of the Steamer at Bombay, although the *Hindostan* had relieved the dawk of nearly 7,000 covers.

That, independently of the above, the correspondence of your Memorialists passing between Bombay and Calcutta is not unfrequently during the rains so damaged as to be utterly illegible, and occasionally in a state to render delivery altogether impossible.

That large sums of money had been subscribed by the public of Calcutta, Madras and Ceylon for the purpose of carrying out direct communication, and arrangements made for this purpose by a Company in London who proposed to undertake the whole of the direct line on both sides of he Isthmus of Suez, and by a Company in Calcutta who proposed to limit their exertions to perfecting that part of the line which fell upon the Indian Seas, when the Peninsular and Oriental Company obtained from her Majesty's Government the exclusive privilege of conveying the Mails between Alexandria and Great Britain, and subsequently a Charter granted them peculiar advantages for Navigating the Indian Seas.

That, thereafter, upon the expressed intention of the Directors of the last named Company to complete the direct communication between Calcutta and Great Britain by way of Madras and Ceylon, before engaging on any of the other lines of Steam Communication comprehended in their Charter, the London and Calcutta Companies both relinquished their undertakings, and a large number of the lders in the former Company, transferred their to the Peninsular and Oriental Company.

That the Directors of the Peninsular and Oriental Company soon afterwards sent out the *Hindostan* steam ship to ply between Calcutta and Suez, intimating that the *Bentinck* Steamer was in a state of forwardness, and that they would do all in their power towards the speedy completion of the line as originally intended.

That the *Hindostan* and *Bentinck* are the only vessels which the Peninsular and Oriental Company have as yet put upon this line.

That these two vessels would be incapable under any circumstances of fulfilling the present engagement of the Peninsular and Oriental Company respecting this line, and that three vessels in the Indian Seas are the least number by which under ordinary circumstances that direct Communication by means of Steam vessels, at all times of the year, between Calcutta and Great Britain, can be accomplished, to the speedy completion of which your Memorialists have devoted all their exertions

That the public importance of a direct communication by means of steam vessels between Calcutta and Great Britain, as well as between Great Britain and Bombay, has been repeatedly acknowledged by your Hon'ble Court, by Parliamentary Committees, and by the Lords of the Treasury, when the general subject of establishing Steam Communication between England and India by way of the Red Sea has been under consideration.

That a Select Committee of the House of Commons on the 15th day of July 1837 reported to that Hon'ble House, that "inasmuch as, in the opinion of the witnesses who have appeared before your Committee, a direct communication by Steam, from the Red Sea to Ceylon, Madras and Bengal, would be practicable at all seasons of the year, by the employment of vessels of adequate tonnage and power, and as under judicious arrangements, such extended establishment would appear to offer a prospect of an adequate return for the increased outlay by the conveyance of passengers, and of some valuable articles of merchandize, which cannot be expected from the limited communication with Bombay alone; your Committee feel bound to recommend a continued and zealous attention to the subject on the part of His Majesty's Government and the East India Company."

That in March 1841, the Right Hon'ble the Lords of Her Majesty's Treasury recorded their judgment to the effect that the object of establishing Steam Communication between England and India by way of the Red Sea was so important as to be worthy of a public grant, but that no plan would be deserving of adoption, which did not include direct communication to the three Presidencies of India, and the Right Hon'ble the President of the Board of Commissioners for the Affairs of India did thereupon declare his concurrence, and also that any other course would fail to fulfil the just expectations of the people of both England and of India.

That your Honorable Court have testified your concurrence in those opinions having liberally granted to the Peninsular and Oriental Company, on their commencing to open this direct route, and when they had placed but one vessel on the line, a yearly sum of £20,000 for five years.

That while your Memorialists must view with satisfaction any prospect of acceleration, the communication between England and Bombay, they confidently trust that your Hon'ble Court will not adopt any measures tending to interrupt, or in any manner interfere with, the direct line of communication between Calcutta, Madras, Ceylon and Suez—a line that being easily practicable at all seasons (which the Bombay line is not) is pre-eminently calculated to benefit the most extensive and valuable Provinces of India—those adjoining the Bay of Bengal and the Rivers Ganges and Burhampooter, and now extending from Calcutta through Assam to the confines of China.

(Signed) W. P. GRANT,

Chairman of Committee.

December 11, 1843

The Memorials to the Address of the Right Honorable the Lords Commissioners of Her Majesty's Treasury, and to the Right Honorable the President of the Board of Control, respectively, are *mutatis mutandis* the same as the above.

2d. It was proposed by James Hume, Esq, and seconded by C E Newcomen, Esq, and carried unanimously,—Resolved, that the Committee of the New Bengal Steam Fund be requested to take charge of the Memorials from the Sheriff and forward them as respectively addressed, and to co-operate generally in the objects contemplated by this Meeting.

3d. It was proposed by the Venerable the Arch Deacon Dealtry, and seconded by C B Greenlaw, Esq, and carried unanimously,—Resolved, that copies of the above Resolutions and Memorials be sent by the Sheriff to the Right Hon'ble the Governor General, with the grateful acknowledgments of the Meeting for the deep interest which His Lordship is known to have felt for the establishment of this great object since it was first brought forward, and the earnest request of the Meeting that His Lordship will support the prayer of the Memorials in such manner as shall seem to his Lordship to be most conducive to success.

4th. It was proposed by L J H. Grey, Esq, and seconded by G F. Remfrey, Esq, and carried unanimously,—Resolved, that copies of the above Resolutions and Memorials be also sent by the Sheriff to the Hon'ble the Deputy Governor of Bengal, with the request that His Honor will use his powerful influence in the promotion of the prayers of the Memorials.

5th It was proposed by J D. Campbell, Esq. and seconded by C B Greenlaw. Esq, and carried unanimously,—Resolved, that the cordial thanks of this meeting be offered to the Committee of the East India and China Association for the interest they have manifested in the objects of this meeting, and for the able manner in which they have advocated our cause.

6th. It was proposed by James Sutherland, Esq. and seconded by James S Stopford, Esq, and carried unanimously,—Resolved, that the cordial thanks of this Meeting be offered to Mr. Thomas Elliot for the interest he has manifested in the objects of this Meeting, and for the able, prompt, and independent manner in which he came forward to demonstrate as regards the interests of two-thirds of India, the injury which would be inflicted by any departure from the direct line of Steam Communication between Suez and Calcutta.

The thanks of the Meeting were voted to the Sheriff for the able and impartial manner in which he had conducted the duties of the day.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

" False Point Light House is in Lat. 20° 19½′ " N. and Long. 86° 47′ E., and the South Channel " Buoy in Lat. 25° 59′ N. and Long. 88° 4′ E., " and bears from the Light House N. 61° E. true, " or N. E. by E. ¼ E. by Compass, distant 83 miles " and is laid 12 fms.

" A Bank of Soundings extends from off Point " Palmyras in a direction towards the tail of the " Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly Deposit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " the " Kunka," and other Rivers near Point Palmyras, the lighter material of which being carried further out, is deposited, and forms what is " called the ' Pilot's Ridge,' which in crossing to " the N. Wd., shews a little less water than on " either side In coming from Seaward you Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand, " or minute gravel of a reddish or rusty brown " color.

" The best guide therefore to enable a Vessel " to direct her course from Table Point to the " Vessel at the New Station, will be to run down " the edge of the " Pilot's Ridge," which can " readily be done by making the Light House, " and bringing it to bear about W. S. W. or " S. W. by W. distant by computation from 10 to " 15 miles, then steering to the E. N. Ed., and " having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits are " kept within) either by getting too far to Windward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the proposed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward " of it.

"The soundings to Seaward of the Ridge are "in general a greenish or olive coloured mud, "with occasionally a few bits of broken Shells "mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give as early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,

Secretary.

Fort William, the 28th Novr. 1843.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 28° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House
At Madras is in Latitude 13° 5′ 10″ North,
And in.........Longitude 80° 20′ East of Greenwich.

No. 284 of 1843.—The Hon'ble the President in Council has much pleasure in publishing the following paragraphs of a Letter from the Hon'ble the Court of Directors, to the Governor of Bengal, No. 19, dated 3d May 1843.

Para. 1. The announcement of the intended return to Europe of Lieutenant Colonel Everest, and his consequent vacation of the office of Surveyor General and Superintendent of the Great Trigonometrical Survey of India, affords us an opportunity, of which we readily avail ourselves, of expressing the high sense we entertain of the Scientific acquirements of that Officer, and of the ability and zeal which he has displayed in the discharge of the arduous duties entrusted to him.

2. With the measurement of an Arc of the Meridian of unprecedented magnitude, now finally completed, and with the Great Trigonometrical Survey, the most important portion of which is now in rapid progress towards completion, Lieutenant Colonel Everest has been prominently connected almost from their commencement, and for the last 20 years, they have been under his exclusive management and superintendence.

3. The able manner in which he has conducted these important and Scientific Works, has frequently elicited our approbation, and cannot fail to cause his name to be conspicuously and intimately associated with the progress of Scientific Enquiry.

4. Having taken into our consideration the appointment of a successor to Lieutenant Colonel Everest, and entertaining a most favorable opinion of the services of Lieutenant Andrew Scott Waugh, of the Bengal Engineer Corps, and of his Scientific knowledge and general qualifications for the Stations, we have resolved to appoint him Surveyor General of India, and Superintendent of the Great Trigonometrical Survey, on a Salary of (Rs. 1500) One Thousand and Five Hundred per Mensem, with the Pay and Allowances of his Regimental Rank.

5. Lieutenant Waugh's appointment will take effect from the period of Lieutenant Colonel Everest's vacation of the office.

Lieutenant Colonel J. Everest's vacation of his appointment of Surveyor General of India, consequent on his retirement from the Service of the Hon'ble Company, having taken effect from the 16th instant, the date of the Official Notification of his departure from India per "Bentinck Steamer," Captain A. S. Waugh will assume charge of the appointment of Surveyor General of India, and Superintendent of the Great Trigonometrical Survey, conformably to his nomination to the above Offices by the Hon'ble the Court of Directors.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

" False Point Light House is in Lat. 20° 19½′ " N. and Long. 86° 47′ E., and the South Channel " Buoy in Lat. 25° 59′ N. and Long. 88° 4′ E, " and bears from the Light House N. 61° E. true, " or N. E. by E. ¼ E. by Compass, distant 83 miles " and is laid 12 fms.

" A Bank of Soundings extends from off Point " Palmyras in a direction towards the tail of the " Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly Deposit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " the " Kunka," and other Rivers near Point Palmyras, the lighter material of which being carried further out, is deposited, and forms what is " called the ' Pilot's Ridge,' which in crossing to " the N. Wd., shews a little less water than on " either side In coming from Seaward you Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand, " or minute gravel of a reddish or rusty brown " color.

" The best guide therefore to enable a Vessel " to direct her course from Table Point to the " Vessel at the New Station, will be to run down " the edge of the " Pilot's Ridge," which can " readily be done by making the Light House, " and bringing it to bear about W. S. W. or " S. W. by W. distant by computation from 10 to " 15 miles, then steering to the E. N. Ed., and " having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits are " kept within) either by getting too far to Windward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the proposed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward " of it.

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give as early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,

Secretary.

Fort William, the 28th Novr. 1843.

"NOTICE."

MARINE BOARD OFFICE,

Madras, 9th October, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House

At Madras is in Latitude 13° 5′ 10″ North,

And in.........Longitude 80° 20′ East of Greenwich.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

“ False Point Light House is in Lat. 20° 19⅓′ N. and Long. 86° 47′ E., and the South Channel Buoy in Lat. 25° 59′ N. and Long. 88° 4′ E, and bears from the Light House N. 61° E. true, or N. E. by E. ¼ E. by Compass, distant 83 miles and is laid 12 fms.

“ A Bank of Soundings extends from off Point Palmyras in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly Deposit which is Sand and Mud with shining specks) is a gravelly substance composed of Sand Shells and small Pebbles discharged from the “ Kunka,” and other Rivers near Point Palmyras, the lighter material of which being carried further out, is deposited, and forms what is called the ‘ Pilot's Ridge,’ which in crossing to the N. Wd., shews a little less water than on either side In coming from Seaward you Shoal rather suddenly from 28 to 23 fms. upon its Eastern Edge. It is composed of a shelly sand, of minute gravel of a reddish or rusty brown color.

“ The best guide therefore to enable a Vessel to direct her course from Table Point to the Vessel at the New Station, will be to run down the edge of the “ Pilot's Ridge,” which can readily be done by making the Light House, and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles, then steering to the E. N. Ed., and having gradually increased the depth of water to 23 fms. upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fms. when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the soundings increase so rapidly to Seaward from the proposed New Station, that 28 fms. will not be more than 3 or 4 miles to the Southward of it, and 23 fms. the same distance to the Westward of it.

“ The soundings to Seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken Shells mixed with it.”

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

Fort William, the 28*th Novr.* 1843.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9*th October*, 1843.

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0″ to 72,″ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W, and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House

At Madras is in Latitude 13° 5′ 10″ North,

And in.........Longitude 80° 20′ East of Greenwich.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

“ False Point Light House is in Lat. 20° 19½′
“ N. and Long. 86° 47′ E., and the South Channel
“ Buoy in Lat. 25° 59′ N. and Long. 88° 4′ E,
“ and bears from the Light House N. 61° E. true,
“ or N. E. by E. ¼ E. by Compass, distant 83 miles
“ and is laid 12 fms.

“ A Bank of Soundings extends from off Point
“ Palmyras in a direction towards the tail of the
“ Western Sea Reef, and the nature of the bottom
“ (as distinguished from that of the Hooghly De-
“ posit which is Sand and Mud with shining
“ specks) is a gravelly substance composed of
“ Sand Shells and small Pebbles discharged from
“ the “ Kunka,” and other Rivers near Point Pal-
“ myras, the lighter material of which being car-
“ ried further out, is deposited, and forms what is
“ called the ‘ Pilot's Ridge,’ which in crossing to
“ the N. Wd., shews a little less water than on
“ either side In coming from Seaward you Shoal
“ rather suddenly from 28 to 23 fms. upon its
“ Eastern Edge. It is composed of a shelly sand
“ or minute gravel of a reddish or rusty brown
“ color.

“ The best guide therefore to enable a Vessel
“ to direct her course from Table Point to the
“ Vessel at the New Station, will be to run down
“ the edge of the “ Pilot's Ridge,” which can
“ readily be done by making the Light House
“ and bringing it to bear about W. S. W. or
“ S. W. by W. distant by computation from 10 to
“ 15 miles, then steering to the E. N. Ed., and
“ having gradually increased the depth of water
“ to 23 fms. upon the Eastern Edge of the Ridge,
“ regulate the course to keep between it and 27
“ fms. when by attention to the lead and nature
“ of the soundings, course and distance run from
“ the Light House, it is almost impossible to
“ miss the Pilot Vessels (if the above limits are
“ kept within) either by getting too far to Wind-
“ ward or falling to Leeward; for the soundings
“ increase so rapidly to Seaward from the propos-
“ ed New Station, that 28 fms. will not be more
“ than 3 or 4 miles to the Southward of it, and
“ 23 fms. the same distance to the Westward of it.

“ The soundings to Seaward of the Ridge are
“ in general a greenish or olive coloured mud,
“ with occasionally a few bits of broken Shells
“ mixed with it.”

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

Fort William,
The 14*th Decr.*, 1843.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.
